SUBJECT: TPE IL KN188, LLC (Petition #4621)

Ms. Amir,
Consistent with my email of November 7, 2023, TPE IL KN188, LLC hereby requests to postpone its hearing before the Zoning Board of Appeals until December 12.

We had a conference call with the County Stormwater Department on November 2nd that raised several questions we feel must be addressed before proceeding.

It is my understanding that PA 102-1123 (signed by Governor Pritzker on Jan 27) requires a public meeting within 45 days of application submission but that the applicant may waive this requirement. We wish to waive this deadline.

Please let me know if any additional information or documentation is needed in support of this request.

Thank you,

J. Scott Osborn
