**Re: Maxxam Partners, LLC – Special Use Permit, Petition No. 4364
Notice of Public Hearing Dated November 25, 2015 (“Hearing Notice”)**

Dear Messrs. VanKerkhoff and White:

As you are aware, I represent Joline T. Andrzejewski, as Trustee of the Joline T. Andrzejewski Trust #2004 and Abram Andrzejewski. I am in receipt of the Hearing Notice setting the public hearing on the Maxxam Special Use Application for December 14th and 15th.

One of my Client’s expert witnesses is unavailable on those two dates. Please let this correspondence serve as my Client’s request that the public hearing be entered and continued for at least 30 days after Petitioner’s presentation of its case-in-chief to afford my Clients their proper due process rights to properly prepare to cross-examine and present rebuttal experts and any other testimony relating to the Maxxam Application.

This request is reasonable in light of the scheduling conflict, the scope of the Maxxam Application and the complexity of the materials and potential testimony of Maxxam’s seven disclosed expert witnesses. Thank you in advance for your consideration to this reasonable request, and I ask that you please confirm that the request will be granted so all parties can plan accordingly.
