**Halle Mikyska, Law Library  
Judiciary - Law Library  
Above and Beyond Award**

In the past year, Halle has worked tirelessly to successfully lobby the state legislature to increase the Law Library Fee in order to improve the Library's service to the public. This included the production of a how to video, for the pro se public in how to sue and/or defend in Small Claims Court. The hours of the Library were extended to 8:00 p.m. on Wednesdays to allow working people access to the reference materials without taking time off work.
