ADDENDUM #1

Bid No. & Title: 08-040 Barcode Scanners

The attention of bidders is called to the following changes, clarifications and/or additions/deletions to the original bid document and they shall be taken into account in preparing the Bid and shall be part of the contract.

Clarifications

1. Currently the County is using code 128 barcodes, potentially changing to PDF 417 barcodes in the future.
2. These scanners will all be used indoors in somewhat of a controlled climate.
3. The barcodes will be printed on Dymo labels or plain paper.
4. No stand will be needed at this time.
5. The trigger is activated.
6. You the Vendor may submit as many different bids as you feel the need; keep in mind the County will need a sample unit for every bid proposal.
7. The JBC controller is a device the election judges will use to enter a ballot style to generate a piece of paper with an access code on it, which will be given to the voter. The access code allows the voter to retrieve the correct ballot on our electronic voting equipment.
8. All of the scanners will be ordered within the next few months.

Please indicate your receipt of this addendum in the bid response.

Sincerely,

Jim Hansen
Asst. Director of Purchasing
