November 24, 2020

**ADDENDUM 3**

**RFP No. & Title: 02-021 DIGITAL ORTHO IMAGERY**

The attention of bidders is called to the following changes, clarifications and/or additions/deletions to the original bid document and they shall be taken into account in preparing the proposal and shall be part of the contract.

**CLARIFICATIONS & ADDITIONAL INFORMATION**

- Q. The solicitation does not make any reference to a Digital Elevation Model (DEM), which is necessary to prepare orthophotos. Will Kane County be supplying this DEM, and if so, will it require any updating? This DEM is a mandatory element, and if we need to develop this model, it will increase our fee schedule.
- A. ***Digital Elevation Model (DEM) will be made available only to the Vendor award of contract. There is no need to update or develop new one.***
- Q. I suspect you have already addressed this question but, with COVID and the short week next week, is it possible to submit electronically on Monday the 30<sup>th</sup>?
- A. ***We do not have the capability to accept electronic responses securely. We will not consider changing the due date at this late juncture. An electronic copy on a USB flash drive instead of paper copy will be accepted but must be received via FedEx, UPS or USPS by the time and date stated in the proposal document.***
- Q. Section II Scope of work states full stereo coverage, 30% sidelap and 60% forward overlap (+/- 5%). Is a pushbroom sensor that is 100% forward overlap acceptable for this Statement of Work? A. **Yes.**
- Q. Does the County have an existing DEM they will provide? A. **See above answers.**
- Q. Does the County have an existing control network? If so, can a shapefile be provided?
- A. **Attached are the requested monuments. Also see link below for more information.**
