ADDENDUM 1

RFP No. & Title: 11-017 GPS SYSTEM & MONITORING SERVICE

The attention of bidders is called to the following changes, clarifications and/or additions/deletions to the original bid document and they shall be taken into account in preparing the proposal and shall be part of the contract.

CLARIFICATION

- Q. Will the County please state when will questions be answered?
A. **Kane County will respond to all questions in a timely manner.**
- Q. Regarding addendums, there are only 6 days between the response to written questions (March 23rd) and the RFP due date (March 29th). In order to allow vendors time to compensate for changes in the RFP, will the County please extend the due date one week to April 5th?
A. **No.**
- Q. Page 3 A. GPS Tracking Unit #18 & 19 regarding motion sensors. For one-piece devices motion sensors are notorious for generating false positive alarms since the device rarely stops moving while attached to a person's leg. This causes staff to view motion alerts as a nuisance alarm. Will the County consider making this alert optional for this response as it relates to one-piece GPS tracking devices?
A. **All RFP's will be reviewed.**
- Q. Does the incumbent currently provide installation, removal, fee collection or maintenance services for the County? If so, is this for the entire population of participants or a percentage of the population?
A. **No.**
- Q. Section III Proposal Requirements #8, is the County looking at options and pricing for services to determine if they're necessary?
A. **No.**
- Q. Section III Proposal Requirements #10, does the incumbent currently provide fee collection services to the County?
A. **No.**

Q. Will the County require vendors to provide a demonstration on site? If so, does the County intend to test the proposed equipment?

A. **There may be a request for the top scoring respondents to provide a demonstration/trial.**

Q. Does the County intend to test respondent's equipment?

A. **See above answer.**
