

**COUNTY of KANE**  
**PURCHASING DEPARTMENT**  
**KANE COUNTY GOVERNMENT CENTER**

**Christopher Rossman**  
 Director of Purchasing

719 S. Batavia Ave., Bldg. A, 2<sup>nd</sup> Floor  
 Geneva, Illinois 60134  
 Telephone: (630)232-5929  
 Fax: (630) 208-5107

April 3, 2013

**ADDENDUM #1**

**Bid No. & Title:** 15-013 Telecom Circuits and Lines RFP

The attention of responders is called to the following changes, clarifications and/or additions/deletions to the original RFP document and they shall be taken into account in preparing your response and shall be part of the contract.

**CHANGES**

The deadline for submitting Proposals that was scheduled for 4 p.m., Monday, April 8, 2013, has been changed to 4 p.m., Wednesday, April 17, 2013.

**QUESTIONS**

<b>Question #1</b>	
<b>Question</b>	Scope of Work Line Item E: DIDs -- You have requested DIDs at no cost. How many DIDs are requested?
<b>Response</b>	<b>4000.</b>

<b>Question #2</b>	
<b>Question</b>	Scope of Work Line Item F: SIP Trunking -- You have requested pricing and usage for bandwidth. How many SIP Trunks are requested?
<b>Response</b>	<b>The County currently does not have enough traffic data to determine SIP requirements. At this point the County is looking for high level pricing to determine justification.</b>

<b>Question #3</b>	
<b>Question</b>	Are the T1s that you are listing out in item numbers 1-22 all 1.5MB Point to Points?
<b>Response</b>	<b>Items 2, 5, 6 and 9-18 are 1.5MB point to point T1's and are to be considered in this bid. However the County would like the option to cancel these T1's at no charge if the decision is made to move these T1's to County fiber in the future.</b>  <b>Items 1, 3, 4, 7 and 8 are T1's that are being replaced by fiber and will not be a part of the bid.</b>  <b>Items 9-22 are KaneComm circuits. Items 19-22 are currently analog voice circuits and KaneComm is looking at options to switch these lines to T1.</b>

<b>Question #4</b>	
<b>Question</b>	Are you running voice and data over these? Or just data?
<b>Response</b>	<b>Data is run over items 1-8. Voice is run over items 9-19 using a Harris T1 multiplexer.</b>

Question #5	
Question	As for the lines you want to replace with fiber, what bandwidth are you looking for?
Response	<b>Kane County is not requesting lines to be replaced with fiber.</b>

Question #6	
Question	Are we providing any equipment on our end? If so, for which lines?
Response	<b>KaneComm provides T1 MUX (items 9-18) – need a demarc interface. Voice circuits (items 19-22) will require a demarc interface.</b>

Question #7	
Question	How are the radio circuits configured today? Are they currently over T1s? If they are, then we should be able to replace these with 1.5MB Point to Point Circuits.
Response	<b>Radio circuits are a mix of T1's via Harris multiplexer and data grade voice circuits (FDDC telco lines).</b>

Question #8	
Question	Is it possible to find out the POTS lines locations? Are they in Kane County?
Response	<b>Yes, the locations are included at the end of this document. All POTS lines are in Kane County.</b>

Question #9	
Question	Are you looking for competitive proposals to replace T1s with leased or county owned fiber? Do you own your own fiber?
Response	<b>County is in the process of activating a County owned fiber ring to replace some of the T1's. Remaining T1's are in scope of this RFP.</b>

Question #10	
Question	If you utilize SIP, how many instances of Sip would you like? Every site? Primary and back up with automatic fail over?
Response	<b>Preference would be 2 locations. Primary at Government Center, backup at the Judicial center with automatic failover.</b>

Question #11	
Question	Do you plan to utilize a WAN, leased or private, to transit calls from site to site?
Response	<b>No.</b>

Question #12	
Question	Can your PBX's accept SIP? Do you prefer an Ethernet or PRI hand off?
Response	<b>Current PBX can handle SIP. Preference for handoff would be PRI. If SIP becomes an option handoffs can be discussed further.</b>

Question #13	
Question	What is your current PBX and vendor? Do they charge for SIP Licensing?
Response	<b>Cisco VoIP. The County feels the question regarding SIP licensing is irrelevant for this RFP.</b>

Question #14	
Question	Do you have any detail on PRI usage, inbound or outbound?
Response	<b>During a 2 week period in March/April 2012 (election period so this reflects high usage) there were 1,632 incoming calls for one week and 2,232 incoming calls for the following week. There were no overflows.</b>

Question #15	
Question	How will faxing be handled?
Response	<b>The County has an e-fax solution on one PRI. There may be some opportunity for optimization. There are also a number of analog fax circuits.</b>

Question #16	
Question	Have you discussed the requested number of concurrent calls paths needed?
Response	<b>There currently is not enough traffic data to determine this request.</b>

Question #17	
Question	For items 1-22 on page 11 and 12 do you want us to provide the fiber or has the County already cared for that and it is not part of this bid.
Response	<b>The County has already cared for the fiber and is not part of this bid.</b>

Question #18	
Question	For Items 9, 12, 13,17,18,19, can you provide a phone numbers, zip codes at these sites? Are these Water Towers?
Response	<ul style="list-style-type: none"> <li>• <b>Item 9-1115 N. Main St, Elburn, IL 60119 (water tower) (Village Hall – 630-365-5060).</b></li> <li>• <b>Item 12-435 Wabansia Ave, Montgomery, IL 60538 (water tower) (Public Works – 630-896-9241).</b></li> <li>• <b>Item 13-580 Lucille St, So Elgin East, IL 60177 (water tower) (Public Works – 847-695-2742).</b></li> <li>• <b>Item 17-800 Elm St, Hampshire IL 60140 (water tower) (Hampshire PW – 847-683-4044).</b></li> <li>• <b>Item 18-10N564 Tower Rd, Hampshire, IL 60140 (KaneComm access, leased radio tower 630-208-2127).</b></li> <li>• <b>Item 19-41W011 Burlington Rd – Campton Hills, IL 60175 (Kane County Department of Transportation building) 630-584-1170.</b></li> </ul>

Question #19	
Question	Of the DID's required, will they all be ported DID's or new DID's?
Response	<b>The decision of porting or existing will depend on the vendor's ability to provide these number ranges.</b>

Please confirm receipt of Addendum #1 on your Proposal Response Form. If you have any questions please feel free to contact my office at (630) 444-1071.

Sincerely,  
Jim Hansen  
Assistant Purchasing Director
