REQUEST FOR PROPOSAL

#15-017

ADAPTIVE SIGNAL CONTROL TECHNOLOGY (ASCT) SYSTEM

The County of Kane is accepting sealed proposals from qualified and experienced vendors to provide Phase II engineering services and support for Phase III construction services for the procurement of, and support the integration of, an Adaptive Signal Control Technology (ASCT) system at 14 existing signalized intersections on Randall Road (County Highway 34) from Big Timer Road to Huntley Road (County Highway 30).

Proposal documents may be obtained at the address listed below or via e-mail by registering to be placed on the vendor list by completing the required vendor contact information. Please e-mail your completed form to purchasing@co.kane.il.us. Upon receipt of your information the RFP documents will be e-mailed to your attention.

Proposals are due in the Kane County Purchasing Office, located at 719 S. Batavia Ave., Building A, Rooms 210, 212, 214, Geneva, IL 60134, on March 3, 2017 at 2:00 p.m.
