RE: NOTIFICATION OF 2022 PROJECTS REJECTED/REDUCED

The Aurora/Elgin/Kane Continuum completed the project selection and tiering process on August 24, 2022. This year 9 renewal projects, 3 new bonus projects and a DV bonus project were considered for inclusion on the 2022 Project Priority List.

All 9 renewal projects were accepted with the requested funding amount. No renewal projects were reduced. There were no reallocations.

Funds available for new projects included the bonus amount of \$113,791. There were 3 new project applications totaling \$301,081. One new bonus project was selected which was Light-House 9 for permanent supportive housing for 7 households. It was the highest scoring new project at 100 points. The other two new projects, Abbott Expansion and PADS of Elgin Rapid Rehousing were rejected due to lack of remaining funds in Tier Two but considered worthy projects if funds were available.

The Light-House 9 project amount was increased from \$110,000 to \$113,791 in order to meet the HUD tiering thresholds for Tier Two. The project was placed in the second position in Tier Two following the remaining amount of the last renewal in Tier One that was Community Crisis Center Rapid Rehousing for DV.

All projects that were approved for inclusion are prioritized in a two tier approach. The tiers are financial thresholds. Tier 1 is 95% of the Annual Renewal Demand for current projects. Tier 2 is the difference between Tier 1 and the maximum amount of renewal, reallocation and bonus funds available. (excluding the DV bonus amount). The Planning project is excluded from tiering.

Tier 2 project-level scoring is based on 100 points with 3 criteria – CoC Application score, ranked position of the project application in Tier 2, and the project application's commitment to Housing First. Up to 50 pts CoC Score + 40 pts Rank number in Tier 2 + 10pts. Housing First project.
