

MILL CREEK SPECIAL SERVICE AREA

2024 STREET & ALLEYWAY SWEEPING

Weeks of May 13, August 19, and November 18

Street and alleyway sweeping are critical in keeping Mill Creek SSA's streets, alleyways, air, and water clean. A clean road keeps storm drains clear of debris, helps prevent localized street flooding due to clogged catch basins, and prevents pollutants from reaching the surrounding waterways.

To improve the program's effectiveness, the SSA and Lakeshore Recycling Systems ask that you park your vehicles off the street during the sweeping week until the sweeping of your road has been completed. Sweeping around obstacles requires more time and reduces the program's effectiveness. Also, please do not rake, pile, or blow grass clippings or leaves into the street. **THIS IS NOT A LEAF PICK-UP SERVICE PROGRAM**—sweepers are not designed to pick up large quantities of leaves.

Thank you in advance for your cooperation.
