FOR IMMEDIATE RELEASE

From: Jennifer Jarland, Kane County Recycling Program Coordinator

RECYCLING EVENT IN CAMPTON HILLS ON SATURDAY, NOVEMBER 9TH

Kane County Recycles is hosting the last recycling event of the year for electronics and books between 8 a.m. and 12 noon on Saturday, November 9th, 2019, at a NEW LOCATION. It will be held at Anderson Park on Brown road in Campton Hills, IL 60175. See [poster](#) and [map](#) here.

This event is for electronics and books only. It will NOT include document shredding or paint. See [here](#) for a list of 2020 event dates.

Books of any age or condition, and both hardcover and paperback, are free to drop off. They are sorted and redistributed by Pacesetter Books, a church-based non-profit that assesses books for reusability and recycles those that cannot be redistributed.

You can also bring already-shredded documents to the book recycling area for recycling; please bring them in a paper bag, stapled or taped shut.

Electronics collection will include free recycling of holiday light strings, computers, laptops, stereos, DVD players, printers, keyboards, mice, phones, electronic games, holiday light strings and more, all of which can be recycled at no charge. TVs (of any size, type, or age) and computer monitors will also be collected, but they have a cost.

The cost for recycling TVs and monitors, measured diagonally, is \$25 for screens under 21 inches, and \$35 for screens 21 inches and over. You can pay onsite with cash or card.

Electronics are collected and recycled by eWorks Electronics Services, a non-profit whose mission is to employ individuals with developmental disabilities to sort and disassemble the electronic equipment. Your payment for TVs and monitors goes directly to them and helps fund that work.

Questions: Kane County Recycling Coordinator, Jennifer Jarland, 630-208-3841,
recycle@countyofkane.org

NOTE to all editors: You must print that **there is a fee for TVs and monitors.**
