

Kane County Lowered to Medium Community Level for COVID-19

The Centers for Disease Control and Prevention has downgraded Kane County to a medium community rating for COVID-19. Lake and DuPage counties were also rated medium, while McHenry County is listed at a low community level for COVID-19. Will County remains high, as does Kendall and DeKalb counties.

The CDC recommends the following measures for people in areas that are rated at Medium Community Level for COVID-19 transmission:

- If you are at high risk for severe illness, talk to your healthcare provider about whether you need to wear a mask and take other precautions
- Stay up to date with COVID-19 vaccines
- Get tested if you have symptoms

Vaccination appointments are available at the Kane Vax Hub. Visit [KaneVax.org](https://www.kanevax.org). For more information about COVID-19, visit the KCHD website at [KaneHealth.com](https://www.kanehealth.com).
