KANE COUNTY RECYCLES - STATUS OF PROGRAMS

These decisions have been made to proactively help curb the spread of COVID-19. Along with the rest of the nation and the world, we are following this rapidly evolving situation and making programmatic decisions based on maintaining the health and safety of our staff, volunteers, and community members.

- [Household Hazardous Waste Programs](#) remain **OPEN at this time.**
- The staff of the Naperville Facility and the home collection program are uniquely prepared for this crisis, as they were already wearing full protective suits, gloves, and masks to do their work.
