KANE COUNTY STORMWATER PERMIT FEES

DATE: January 13, 2017
TO: Stormwater Permit Applicants
FROM: Jodie Wollnik, P.E., Assistant Director, Kane County Water Resources Division
SUBJECT: Kane County Stormwater Permit Fees

When a Stormwater Permit is required, a non-refundable fee is to be paid to the Kane County Water Resources Department.

The total fee is based on the following components and covers the staff time to process, review and issue a Stormwater Permit based on the complexity of the proposed development:

1. *Application*
2. *Erosion & Sediment Control*
3. *Site Runoff Storage*
4. *Wetland Within Site*
5. *Floodplain Within Site*
6. *SSA Implementation*: covers the staff time and publication expenses required for the establishment of a Special Service Area (SSA).

The fee is also determined by the nature and scope of the proposed project:

1. *Single Family Residence* and related projects such as pools, sheds, accessory buildings, etc.
2. *Site Development Projects* with no buildings and including mass grading, pond construction, stream restoration, wetland banks, wetland mitigation, etc. with sub-classifications based on acres of land disturbance.
3. *Agricultural Exempt* Building Permits or Practices
4. *Commercial, Industrial or Institutional Sites*
5. *Subdivisions* which are further divided into 5 sub-classifications based on total proposed lot count and number of units or neighborhoods.

If you have questions regarding the specific requirements of a Stormwater Permit and the associated fees as it pertains to your project, please contact the Kane County Water Resources Department at 630-232-3497. We are located on the Ground Floor of Building "A" at the Kane County Government Center in Geneva.

Refer to Kane County Ordinance No. 05-386 Adopted November 8, 2005
