He recused himself                  3 the last time, and he's also recused at this time                  4 from this hearing.                  5 So is there a motion to appoint an acting                  6 chair for this meeting?                  7 MEMBER FALK: Yes, I would like to make                  8 that motion and appoint you as the acting chair                  9 for this meeting in hearing Petition 4462.                  10 MEMBER ARIS: I'll second.                  11 CHAIRWOMAN MELGIN: All in favor say aye.                  12 (Ayes heard.)                  13 CHAIRWOMAN MELGIN: I have experience                  14 running public hearings, maybe not quite exactly                  15 like this one. So please be patient with me. I'm                  16 going to be asking sometimes for the State's                  17 Attorney's advice when I think it's necessary.                  18 So I'm going to go through some background.                  19 So good evening to the petitioners and                  20 their representatives, the representatives of units                  21 of government, adjacent property owners, and other                  22 interested parties of the public. The public                  23 hearing this evening is for Maxxam Partners, LLC,                  24 Glenwood Academy Petition 4462 for special use in</p>

9	<p>1 the F-Farming District for private-pay alcoholism                  2 and substance abuse treatment facility.                  3 To go over some of the background, the                  4 history, a lot of you have been through this and                  5 you know, but here's a recap of this.                  6 The petitioner had filed a petition for                  7 special use at this location in August of 2015,                  8 Petition 4364, and public hearings were heard in                  9 the petition from December 14th, 2015, through                  10 February 9th, 2016.                  11 On November 8th, 2016, the Kane County                  12 board rescinded their previous vote to deny                  13 Petition 4364 and remanded the petition back to                  14 the Zoning Board of Appeals.                  15 The Board held continued public hearings                  16 on the remanded petition from January 10th, 2017,                  17 through February 21st, 2017, and the Kane County                  18 Board denied the petition on May 9th, 2017.                  19 On August 4th, 2017, the petitioners filed                  20 a Federal lawsuit against the County. As part of                  21 a proposed consent decree, petitioners filed a new                  22 Petition 4462 incorporating their previously filed                  23 Petition 4364 in their new application.                  24 At this time I will entertain a motion to</p>	11
10	<p>1 incorporate the evidence, including exhibits, and                  2 testimony, and public comment previously submitted                  3 related to Petition 4364 into the record for                  4 Petition 4462 for the Board's consideration.                  5 MEMBER ARIS: So moved.                  6 CHAIRWOMAN MELGIN: Second?                  7 MEMBER FALK: I'll second.                  8 CHAIRWOMAN MELGIN: All in favor say aye.                  9 (Ayes heard.)                  10 CHAIRWOMAN MELGIN: This Board has reviewed                  11 all evidence, including exhibits, and testimony,                  12 and the public comment previously submitted in                  13 Petition 4364, which is now incorporated into the                  14 record for Petition 4462.                  15 This Board is very familiar with the details                  16 of that testimony, evidence, and argument, so                  17 there is no need to repeat submittal of evidence,                  18 testimony, or comments already presented in previous                  19 hearings. The entire record for Petition 4364,                  20 Petition 4462, and the proposed consent decree have                  21 been made publicly available on the County's                  22 website since July 16th, 2018. So tonight's public                  23 hearing, as well as any subsequent public hearings,                  24 if needed, are to receive public comment and</p>	12
9	<p>1 evidence related to Petition 4462 and the conditions                  2 outlined in the proposed consent decree.                  3 This Board, the Zoning Board of Appeals,                  4 is a recommending body. Our job here, like it was                  5 last time, is to hear the evidence presented, hear                  6 the public comment, and make a recommendation to                  7 the County Board as to Petition 4462 as modified                  8 by the conditions negotiated in the proposed                  9 consent decree. After this hearing this Board's                  10 recommendation is forwarded directly to the County                  11 Board for its consideration.                  12 So this is the order for this evening's                  13 public hearing. The petitioners can make an                  14 opening statement. Adjacent property owners or                  15 property owners who received personal notice of                  16 today's hearing may present new evidence or make                  17 comments. Units of government who are present                  18 tonight can present new evidence or make comments,                  19 and then we'll open it up to the public.                  20 To ensure that everyone who wishes to                  21 speak has the opportunity to speak, we ask that                  22 each speaker limit their comments to three minutes                  23 and not to repeat previously made evidence or                  24 comments. If you wish to indicate agreement or</p>	11
10	<p>1 disagreement with a previously heard comment,                  2 please just state that you agree or disagree with                  3 the previously made comment.                  4 So we're trying to limit the time. We'll                  5 be flexible but we're trying to give everybody an                  6 opportunity to speak.                  7 MR. SHEPRO: Madam Chairman, may I inquire                  8 if that three-minute also limit also applies to                  9 the units of government?                  10 CHAIRWOMAN MELGIN: We would like it to be                  11 the units of government.                  12 MR. KASSON: And to the adjoining property                  13 owners, as well?                  14 CHAIRWOMAN MELGIN: We'll be a little bit                  15 flexible, but we won't go much over that. We'll                  16 see how it's going, but I would think -- what                  17 we're trying to do is if you have new information                  18 that's going to be presented tonight and it's                  19 testimony, we'll swear the person in and have that                  20 as testimony. Otherwise, if it's information that                  21 we previously heard, we'd like to keep it limited                  22 to a certain time amount.                  23 MR. SHEPRO: Okay. But we have some                  24 significant new evidence, and it's going to take</p>	12

13	<p>1 more than three minutes, and if the Board is not 2 going to allow that, I don't see really much point 3 to the fire district participating in this hearing 4 under those conditions. 5 CHAIRWOMAN MELGIN: You can't have your 6 testimony in -- 7 MR. SHEPRO: In three minutes? No. 8 CHAIRWOMAN MELGIN: How much time do you 9 think you're going to need? 10 MR. SHEPRO: Perhaps as much as 30 minutes. 11 I don't know. It depends on the cross-examination; 12 it depends on the questions from the Board. 13 MEMBER FALK: That's all new evidence? 14 MR. SHEPRO: It's all new evidence. 15 CHAIRWOMAN MELGIN: Testimony is a little 16 bit different. So you were going to have a witness? 17 MR. SHEPRO: I'm going to have at least 18 two witnesses. I may have a third depending on 19 the direction that the testimony takes. 20 CHAIRWOMAN MELGIN: Well, each witness 21 could be limited to 10 minutes each. We would 22 consider that. 23 MR. SHEPRO: Will consider it? 24 CHAIRWOMAN MELGIN: Thank you.</p>	15	<p>1 from tonight's hearing will be made available to 2 the County Board with County's recommendation. 3 Please state your name and address clearly. 4 Try to speak slowly. I have a hard time with 5 that, so I've told her to tell me I need to slow 6 down if I need to. So just remember somebody is 7 taking down what you're saying. 8 Before we begin, a couple of housekeeping 9 matters. The proposed consent decree will be 10 marked as Exhibit 1 and made part of the record. 11 (Exhibit 1 marked for identification.) 12 CHAIRWOMAN MELGIN: The County sent notice 13 of this proceeding to property owners within 14 250 feet of the petitioner's property, published 15 notice in the Daily Herald and Kane County 16 Chronicle, and placed three signs around the 17 property. A copy of the notice mailed to nearby 18 property owners and a list of those owners is 19 being made part of the record as Exhibit 2. 20 (Exhibit 2 marked for identification.) 21 CHAIRWOMAN MELGIN: A copy of the notice 22 from the papers is being marked as Exhibit 3. 23 (Exhibit 3 marked for identification.) 24 CHAIRWOMAN MELGIN: Finally, a photograph</p>
14	<p>1 All speakers shall be civil with no 2 profanity or name calling. During the hearing 3 audience members please remain quiet. We realize 4 that many of you have very strong feelings about 5 this issue, but we would appreciate your 6 cooperation. Silence all cell phones; do not 7 engage in side talk. Disruptive audience members 8 will be asked to leave. We hope that doesn't 9 happen, but we please ask for your cooperation. 10 We've had several hearings previously in 11 this matter, and we've learned the process as we 12 went through those. So to ensure that everybody 13 has an opportunity to speak in an orderly fashion, 14 each speaker was asked to sign in, and that will 15 make it a lot easier; I can call up a person's 16 name rather than having multiple people trying to 17 speak at the same time. After nearby property 18 owners, adjacent property owners, and units of 19 government speak, speakers will be taken in the 20 order in which they signed up. So I'll be calling 21 your name for that. 22 So as you can see, our court reporter is 23 back, and she's taking down verbatim everything 24 that's said tonight. A copy of the transcript</p>	16	<p>1 of the sign placed at the entrance of the property 2 is marked as Exhibit 4. 3 (Exhibit 4 marked for identification.) 4 CHAIRWOMAN MELGIN: The Board received 5 letters -- I don't know how many -- letters from -- 6 three letters from members of the public relating 7 to Petition 4462. These letters and emails are 8 being made part of the record this evening as 9 Group Exhibit 5. 10 (Exhibit 5 marked for identification.) 11 CHAIRWOMAN MELGIN: Do I have a motion to 12 accept Exhibits 1 through 5 as part of the Board's 13 record in this matter? 14 MEMBER LAKE: So moved. 15 CHAIRWOMAN MELGIN: Second? 16 MEMBER ARIS: I'll second. 17 CHAIRWOMAN MELGIN: All in favor say aye. 18 (Ayes heard.) 19 MR. SHEPRO: Madam Chair, could you indicate 20 for the record the identity of the persons 21 submitting the three letters? 22 MR. VANKERKHOFF: Sure. And for 23 clarification, there were five letters that were 24 received.</p>

Conducted on August 1, 2018

<p style="text-align: right;">17</p> <p>1 The first one in Exhibit 5 is dated  2 July 19th, 2018. That is from Kevin Carrara on  3 behalf of one of the adjacent property owners.  4 Second one, dated July 19th, 2018, is an  5 email from Mr. and Mrs. Cartee, close proximity  6 neighbor.  7 The third one is from Edward Schreiber to  8 the Chairman and includes an Exhibit A, which is a  9 copy of a letter that had also been sent to the  10 Kane County Board members.  11 The fourth one is an email dated  12 July 27th, 2018, from Kathleen Smith.  13 And the final one, fifth one, dated  14 Monday, July 30th, is from a Mr. Bill Rees  15 representing Pine Haven Homeowners Association.  16 CHAIRWOMAN MELGIN: Okay. Thank you, Mark.  17 Some of the letters and emails received by  18 the Board, Group Exhibit 5, requested that the  19 start of this hearing be continued to a later date  20 to accommodate various vacation schedules. Is  21 there any motion from this Board to continue this  22 hearing to a later date this month?  23 (No response.)  24 CHAIRWOMAN MELGIN: Hearing none,</p>	<p style="text-align: right;">19</p> <p>1 connection with the initial Petition No. 4364. We  2 rely on no new evidence except for Exhibit 1, which  3 is the proposed Federal Court consent decree.  4 That consent decree, as stated by the  5 Zoning Board of Appeals in the opening remarks,  6 has been listed on the Kane County website since  7 at least July 16, 2018. Proper notice has been  8 given, and I have a copy of Exhibit 1 that I  9 printed off of that website.  10 The consent decree contains many important  11 provisions that are designed to specifically  12 ensure, and protect, and promote the public  13 health, welfare, and safety for all members of the  14 community. It also is specifically designed to  15 ensure that all limitations and restrictions on  16 Maxxam and the operation of the facility are  17 mandatory, and subject to enforcement by Federal  18 Court order, and by all the remedies available in  19 the Federal Court.  20 I would like to briefly highlight  21 three critical provisions of the consent decree.  22 There are many provisions, but I'd like to  23 highlight just three in the interest of brevity.  24 The first is at page 5, Section 3C, and it</p>
<p style="text-align: right;">18</p> <p>1 petitioners, you may begin.  2 MR. SHEPRO: Madam Chair, for the record,  3 the fire district would join in that request for a  4 one-week postponement.  5 CHAIRWOMAN MELGIN: Noted.  6 Petitioners, you may begin.  7 MR. TABEL: Thank you. May it please the  8 Kane County Zoning Board of Appeals, all of its  9 members, Mr. VanKerkhoff, all counsel of record who  10 have appeared during these proceedings, including  11 the original proceeding on Petition 4364 and  12 through the present refiled Petition No. 4462, and  13 also may it please all members of the community  14 who are here and present and participating in this  15 hearing. My name is Caesar Tabet. With me is  16 Chris Liguori, Jordan Wilkow, and Andrew Kolb.  17 Together we represent the petitioner, Maxxam  18 Partners.  19 We thank the Zoning Board of Appeals for  20 conducting the hearing tonight, and we thank all  21 the members of the community who are participating  22 in this hearing tonight.  23 In support of our petition, we rely on all  24 of the evidence that was previously submitted in</p>	<p style="text-align: right;">20</p> <p>1 states that the purpose of the Federal consent  2 decree is, quote, "intended to ensure that the  3 operation of the approved special use is beneficial  4 to and does not negatively impact the health,  5 safety, and general welfare of the Kane County  6 residents," end quote.  7 In that paragraph of the consent decree, it  8 goes on to say if any of the conditions that are  9 set forth in the consent decree at any time are  10 inconsistent with or violate any of the terms of  11 any Kane County ordinance, that condition will be  12 null and void. That's the first provision that I  13 highlight.  14 The second is at pages 5 through 8 where  15 the consent decree states in mandatory language  16 many obligations of Maxxam that are specifically  17 enforceable by Federal Court order and then again  18 ensure the operation will be consistent with the  19 public health, safety, and general welfare. There  20 are 17 specific conditions, each one designed to  21 promote the public health, safety, and general  22 welfare.  23 Finally, Section 5 at pages 8 through 9 of  24 the consent decree state -- and I'm paraphrasing --</p>

Conducted on August 1, 2018

<p style="text-align: right;">21</p> <p>1 that Maxxam's obligations are enforceable,  2 Section 5(e)2, that the Federal Court has  3 jurisdiction to enforce these mandatory obligations  4 and to resolve any dispute consistent with broad  5 Federal powers under consent decrees Sections  6 5(a)1 and 3, and the agreement also contains a  7 full and complete integration clause in Section 5  8 that provides -- and I'm paraphrasing -- that all  9 of the obligations of the parties are set forth in  10 the decree and supersede all prior discussions,  11 agreements, or understandings so there is no  12 ambiguity.  13 At the last hearing I understood one of  14 the big concerns was are these obligations  15 enforceable and are they clear and unambiguous,  16 and this consent decree answers those concerns.  17 And, again, if there's any concern in the  18 future about the operation or a risk to public  19 health, safety, or welfare, the consent decree  20 provides a quick immediate and powerful remedy by  21 Federal Court enforcement.  22 Based on the clear terms of the proposed  23 Federal Court consent decree and all of the  24 evidence submitted previously by Maxxam in support</p>	<p style="text-align: right;">23</p> <p>1 been no motion but we'd like to again have that  2 noted for the record.  3 CHAIRWOMAN MELGIN: It's noted.  4 MR. KASSON: We incorporate all of our  5 previous testimony, arguments, exhibits, and any  6 other materials submitted by the objector as part  7 of our previous petitions filed by the applicant,  8 as well.  9 What you are here for again is a proposed  10 special use under the Kane County zoning ordinance  11 and the proposed consent decree. This Board must  12 make findings and recommendations as to whether  13 the applicant has satisfied all the special use  14 standards under 4.8-2 of the zoning ordinance.  15 That was actually also referenced by petitioner.  16 So as we go to the special use, is this  17 use still a 120-bed ultra-lux alcohol abuse and  18 substance treatment facility, or is it changed as  19 presented? If nothing has changed, then the ZBA  20 should deny the petition again because the  21 applicant has failed to meet the six special use  22 standards in the zoning ordinance just like you  23 had found previously.  24 If the application has changed with the</p>
<p style="text-align: right;">22</p> <p>1 of its petition, we ask that the Zoning Board of  2 Appeals find that the six factors set forth in  3 Section 4.82 A through F of the Kane County zoning  4 ordinance are satisfied in light of the provisions  5 of the consent decree and all of the evidence and  6 that you recommend that the petition be granted by  7 the Kane County Board.  8 Thank you.  9 CHAIRWOMAN MELGIN: Thank you.  10 So adjacent property owners. We didn't  11 have them sign the same sheet. So do we have  12 adjacent property owners who wish to speak?  13 MR. KASSON: Good evening, my name is  14 Tracy Kasson. I'm here on behalf of Kevin Carrara  15 of Rathje &amp; Woodward representing Joline  16 Andrzejewski, trustee of Trust No. 204 for the  17 property located at 41W547 McDonald Road, Campton  18 Hills, as an objector to this petition.  19 Again, we'll note Mr. Carrara's letter  20 requesting a continuance because he's out of town.  21 As you're well aware, he's been part of all these  22 other proceedings representing the objector and  23 would like to be here in order to again represent  24 her. I understand your motion has been -- there's</p>	<p style="text-align: right;">24</p> <p>1 proposed conditions in the consent decree, then  2 the petitioner must provide clear and convincing  3 evidence how it satisfies those special use  4 standards.  5 We also would have the right to question  6 the applicant about any new conditions or changes  7 in this application. For example, if you take a  8 look at Condition 13 on page 7 of the consent  9 decree, previously there had been all the testimony  10 by the applicant and all of his experts that this  11 was going to be a 120-bed facility. That is not  12 now part of Condition 13. Condition 13 now talks  13 about number of spacing requirements and bed  14 requirements and that's it. It talks about  15 requirements of no more than four beds per room,  16 and if that's the case, can you have more than  17 120 beds be provided?  18 It appears by looking at Exhibit E of the  19 January 12, 2017, hearing, which was a schematic  20 of the residence center, that at least nine rooms  21 with up to four beds in each room can be created  22 in the seven buildings and nine beds in the detox  23 facility if you're able to have four beds in a  24 room. And those can have bunk beds except in the</p>

25

1 detox facility. This would be 261 beds.  
 2 Condition 14 discusses a fence around the  
 3 property except in floodplain areas. It references  
 4 Exhibit 6 for the location and Exhibit 7 for the  
 5 depiction. What I was able to download on the  
 6 consent decree, I was able to get the decree, but  
 7 I did not get any exhibits and was not able to see  
 8 any exhibits. Does the Exhibit 1 of the consent  
 9 decree have the exhibits referenced in the consent  
 10 decree?  
 11 CHAIRWOMAN MELGIN: On the website you're  
 12 asking?  
 13 MR. KASSON: Anywhere. Exhibit 1 that  
 14 you've marked as the consent decree, does that  
 15 have the exhibits?  
 16 CHAIRWOMAN MELGIN: I don't know what --  
 17 MR. KASSON: The consent decree references  
 18 seven or more exhibits.  
 19 CHAIRWOMAN MELGIN: I see, yes. No.  
 20 MR. KASSON: They're not attached?  
 21 CHAIRWOMAN MELGIN: No.  
 22 MR. KASSON: I did not find them either on  
 23 the website. We have a right to review those  
 24 exhibits, look at them because that's a change as

26

1 far as the fence, what that fence is going to  
 2 consist of, and what it's going to look like.  
 3 The applicant's expert testimony cannot be  
 4 placed into the record without the ability to  
 5 question them further on these 13 conditions. We  
 6 would ask to strike the reports of the experts  
 7 because we don't have the meaningful  
 8 cross-examination on the new application.  
 9 We'd have the right to test those opinions  
 10 to see if their opinions would change based on the  
 11 new factors or conditions outlined in the consent  
 12 decree.  
 13 One would be questions of Sheaffer &  
 14 Roland -- they did the study -- as to whether their  
 15 opinion would be the same as to the wastewater  
 16 treatment and disposal system, whether it's the  
 17 correct size to accommodate the proposed facility  
 18 if it could contain more than 120 clients.  
 19 It said in that report it's only permitted  
 20 for 160 PE. When you take the 120 plus the  
 21 40 employees, that would be maximum PE. We just  
 22 don't know because right now there's nothing in  
 23 the consent decree that says it's going to be for  
 24 120 patients. What is the potential impact of

27

1 prescription drugs being used by clients on the  
 2 shallow aquifer system.  
 3 As to police and fire calls, at the previous  
 4 hearings you heard testimony from Fox River and  
 5 Countryside Fire Protection District estimating  
 6 150 calls a year for a 120-bed facility -- you're  
 7 going to hear more from them I assume -- and stated  
 8 those additional calls would have a negative  
 9 effect on the ability to provide public health  
 10 safety to all of the residents. Your sheriff  
 11 estimated 300 calls per year for a 120-bed facility.  
 12 CHAIRWOMAN MELGIN: If you can start  
 13 wrapping it up, we'd appreciate it.  
 14 MR. KASSON: I'm trying to get to how this  
 15 could change based on if there are under that  
 16 Condition 13 more than 120 beds. We had presented  
 17 data from Timberline Knolls about 167 calls for  
 18 fire and 213 for police. The closest hospital is  
 19 20 minutes away. So that all impacts that. Now,  
 20 under Condition 13 can that be exasperated even  
 21 further?  
 22 Again, you've denied the petition based on  
 23 the 120 beds. Now there has to be further  
 24 examination as to those conditions and how those

28

1 can impact further the health, safety, and  
 2 welfare. If it couldn't meet it for 120 beds, it  
 3 certainly can't meet if it there's more.  
 4 We need to determine how petitioner's  
 5 appraisal report by Rous & Company would change if  
 6 there could be more than 120 beds. Previously, at  
 7 page 424 he had agreed police and fire calls from  
 8 Timberline Knolls were significant and could  
 9 probably impact his valuation conclusion.  
 10 Again, we would like to know how -- if a  
 11 report has been looked at how that could change,  
 12 how any of these expert reports can change because  
 13 they have not looked at or given any reports as to  
 14 these new 13 conditions.  
 15 The traffic evaluation, as well, prepared  
 16 by applicant was not a complete traffic study,  
 17 just a valuation, didn't take into account police  
 18 and fire call volumes, school safety, and the like  
 19 on surrounding roadways for the proposed 120-bed  
 20 facility.  
 21 Finally, and I know we made this in our  
 22 previous testimony, the applicant claims its  
 23 proposed use is similar to a hospital as part of  
 24 its special use application. We made it clear

<p style="text-align: right;">29</p> <p>1 that we object, and it's not similar to a hospital 2 in a farming district. Among other things, it 3 doesn't have doctors 24/7, it is not open to the 4 general public, and it doesn't have siting 5 criteria like a hospital does. 6 As noted by the objector in previous 7 hearings, a text amendment should be conducted to 8 allow the County to evaluate the impacts and 9 standards for an alcoholism and substance abuse 10 facility and where it should be located. 11 Lastly, we did not hear under this new 12 petition whether the applicant has a current 13 written contract with the property. In the rider 14 it said that they were a contract purchaser. We 15 have not heard any testimony from them if that is 16 still currently the case. 17 Finally, as noted by us in the previous 18 hearings, the objector for all those reasons 19 previously noted and argued in the previous 20 hearings and as outlined today, the ZBA should 21 deny this petition because it has not satisfied 22 the six special use standards. 23 CHAIRWOMAN MELGIN: All right. Thank you. 24 (Applause.)</p>	<p style="text-align: right;">31</p> <p>1 MR. BLECKER: I will defer to the fire 2 district, let them go first so I'll not repeating. 3 CHAIRWOMAN MELGIN: Okay. Fire district, 4 you're up. 5 MR. SHEPRO: I couldn't help but feel this 6 little ground hog was appropriate to these 7 proceedings because it feels like Ground Hog Day. 8 My name is Kenneth Shepro, Wayne, Illinois. I'm 9 the attorney for the Fox River &amp; Countryside Fire 10 Rescue District. 11 As at the previous hearing, we are an 12 objector. We are, as we were then, forced to be 13 an objector because it was the only way we were 14 enabled to participate meaningfully in the 15 hearing. 16 At the risk of repeating something that -- 17 well, it actually happened subsequent to the 18 previous hearing, so it's not part of the record 19 in this case. Following the Zoning Board's 20 recommendation on the second round, the fire 21 district at the request of the petitioner agreed 22 to an agreement with respect to providing 23 additional services and also for the petitioner to 24 provide benefits to the fire district that were</p>
<p style="text-align: right;">30</p> <p>1 CHAIRWOMAN MELGIN: Please keep that to a 2 minimum so we can move through the hearing. 3 Are there any other adjacent property 4 owners or people who received -- land owners who 5 received notice. 6 MR. KASSON: I think one of the requests 7 from the adjacent property owner was for a 8 continuance, as well, because they were out of 9 town. I don't think that was made clear. There 10 was an email from them, but it was to continue 11 this hearing, as well. 12 CHAIRWOMAN MELGIN: Right. It's very hard 13 to schedule a hearing with everybody's vacations, 14 so we did the best we could, and we had to have 15 the hearing today. 16 MR. KASSON: You can also enter and continue 17 the hearing for when they get back, as well. 18 CHAIRWOMAN MELGIN: Property owners? 19 (No response.) 20 CHAIRWOMAN MELGIN: We're not having 21 anybody else step up, so units of government. 22 So Campton Hills -- Village of Campton Hills, 23 Campton Township, and the fire district. Are 24 those the three?</p>	<p style="text-align: right;">32</p> <p>1 not otherwise available, and that agreement 2 contrary to the sworn allegations of the complaint 3 has not expired. I don't really know where that 4 came from, but that is addressed in the complaint, 5 and I'm very disappointed frankly that after 6 having called me on Easter Sunday frantically to 7 get the agreement they now say that it's no longer 8 in effect. The notion that it was somehow 9 extorted from the County on our behalf is also 10 equally untrue. 11 So we're here because primarily our 12 agreement as we read the complaint and we read the 13 consent decree has been torn up by Maxxam. 14 Another example of what we believe is the bad 15 faith that has characterized this application from 16 the beginning. 17 I would like to associate myself and the 18 district with number of the comments made by 19 counsel for Andrzejewski. 20 Counsel for the applicant has rested on 21 presenting no new evidence. I don't know how you 22 can go forward when there's no new evidence, and 23 as counsel points out, the testimony that they 24 dump into the record in this hearing is not</p>

<p style="text-align: right;">33</p> <p>1 subject to cross-examination on anything related 2 to the consent decree, and, in fact, there's not 3 even been any testimony presented as to why the 4 consent decree should change the decision that 5 this Board previously made. I certainly don't 6 think that the comments of counsel would 7 constitute as testimony. 8       So you're left at this point with no 9 record at all to suggest why the consent decree 10 should be signed other than the County apparently 11 and the applicants have cut a deal. 12       We were not part of that deal. We were 13 not invited to participate, we were not invited to 14 submit comments, and it was made in our view in 15 derogation of our interests and rights, and we 16 also have an obligation to serve the community, 17 and we believe that this does not serve the 18 community. 19       In terms of our specific other objections, 20 we believe that there has not been an adequate 21 disclosure under the terms of the Kane County 22 zoning ordinance of the parties at interest, the 23 coapplicant. Very little has been made public 24 about that, and we believe the zoning ordinance</p>	<p style="text-align: right;">35</p> <p>1 referendum that has resulted in further service 2 cutbacks, further diminution of our ability to 3 service even our existing residents, and the 4 consequences that will have to be put into place 5 this December if that's not done. 6       With that I would like to ask our district 7 president, Robert Handley, to step forward and 8 offer a statement and sworn testimony. 9       CHAIRWOMAN MELGIN: So you're presenting 10 him as a witness? 11       MR. SHEPRO: Yes. 12       (Witness sworn.) 13       MR. HANDLEY: For the record, Robert Handley 14 on behalf of the Fox River &amp; Countryside Fire 15 Protection District. Can you hear me okay? 16       I'm just going to address you on a few 17 things that have occurred since -- Mr. Shepro has 18 talked about several of them, but a few things 19 that have occurred since we were last before you, 20 new stuff -- stuff that's not in the record. 21       As you know, after the Zoning Board of 22 Appeals recommended against approving the petition 23 last time, we entered into an agreement with 24 Mr. Marco on April 27th. This seven-page agreement</p>
<p style="text-align: right;">34</p> <p>1 requires disclosures to be made which have not 2 been made. They have not been made at any point 3 in this proceeding. I believe that is a fatal 4 flaw, as well. 5       We have new testimony to present, and I 6 will introduce it and then call my witnesses. 7       As you will recall, the testimony that we 8 presented at the last hearing was prior to the 9 March 19 -- or 2017 referendum. That referendum 10 failed, and as a result additional hardships were 11 imposed on the district, additional cutbacks were 12 imposed. 13       We resubmitted a new question at the 14 March 2018 general primary election, and on the 15 face of the returns it was defeated by 34 votes. 16 Subsequently an election contest was brought to 17 nullify the result of that referendum because the 18 County Clerk failed to put the entire question on 19 the ballot, and on July 13th of this year, Judge 20 Akemann of the Kane County Circuit Court entered 21 an order ordering and allowing that question to be 22 submitted to the voters again in November. 23       You will hear testimony in a few moments 24 about the effect of that failure to pass the</p>	<p style="text-align: right;">36</p> <p>1 provided a lot of stuff. It was complete with all 2 kinds of provisions, and I'll just highlight a few 3 of them. 4       There was a transition payment based on 5 anticipated real estate tax increases in addition 6 to -- well, in advance of the actual reassessment. 7 There were guaranteed payments of the transport 8 fees. There was a development of an emergency 9 plan that we were going to work out together and 10 training for -- between our personnel. And it also 11 provided for incremental payments for contributions 12 to the District. And it started out with a payment 13 of \$50,000 to the district, and in addition to 14 that there would be payments funding additional 15 district personnel. The purpose was to be 16 determined. 17       There were additional increases in annual 18 payments based on occupancy levels, based on 19 50 percent occupancy level, 70 percent occupancy 20 level. 50 percent was 40,000 per year; 70 percent 21 was 81,000 per year. When we reached 90 percent, 22 \$163,000 per year based on the total number of 23 patients that we had, and so forth and so on. 24       We entered into that agreement in good</p>

<p style="text-align: right;">37</p> <p>1 faith. The consent decree has essentially ripped 2 this agreement up and said the only thing they're 3 going to do is just pay for our fees, that's it, 4 none of the additional problems that we had. 5 The next thing that happened, as 6 Mr. Shepro indicated, was that our referendum 7 failed by 34 notes. There was an election 8 contest, and it's going to be on the ballot again 9 in November. So we're hopeful, but it's a tax 10 referendum, so we're always edgy. 11 But based on our financial situation which 12 has deteriorated to the point that we've had to 13 already -- you're going to hear this from the 14 chief -- we've already had to reduce staff, we've 15 had to brown out the station, and it doesn't look 16 like we're going to be able to provide for our 17 existing residents much less another 120, 150 calls 18 that we anticipate. Although, we're not sure; we 19 don't know how many beds there are going to be; 20 it's unclear from the petition here. 21 The petitioner filed a suit -- this is the 22 next thing, the third thing. The petitioner filed 23 a suit which resulted in this proposed consent 24 decree. Now, the fire district wasn't a party to</p>	<p style="text-align: right;">39</p> <p>1 MR. SHEPRO: I have no further questions of 2 Mr. Handley. He's available for cross-examination 3 or questions by the Board. 4 CHAIRWOMAN MELGIN: Does anyone have any 5 questions of Mr. Handley? 6 (No response.) 7 MR. HANDLEY: I was that thorough. 8 CHAIRWOMAN MELGIN: I see that three- to 9 five-minute thing is working really well. 10 MR. HANDLEY: I was pretty close. 11 CHAIRWOMAN MELGIN: You were good. I 12 think with these type of testimonies we'll be a 13 little bit more flexible than with a general 14 comment. 15 MR. SHEPRO: Thank you. My next witness 16 is our fire chief, John Nixon. 17 (Witness sworn.) 18 JOHN NIXON, 19 having been duly sworn, testified as follows: 20 DIRECT EXAMINATION BY COUNSEL FOR THE FOX RIVER &amp; 21 COUNTRYSIDE FIRE PROTECTION DISTRICT 22 BY MR. SHEPRO: 23 Q Would you state your name and address for 24 the record, please. And I guess we'll both share</p>
<p style="text-align: right;">38</p> <p>1 the suit; the fire district wasn't a part of the 2 consent decree; the fire district didn't have 3 anything to do with it until we found about it in 4 this proceeding today, and as I indicated, this 5 is gone. 6 Now, with this being gone, we don't even 7 have those payments. And without any financial 8 contribution now Maxxam is asking to increase our 9 workload substantially as we anticipate. And 10 Maxxam has alleged that this agreement expired. 11 There's no expiration agreement in here -- or 12 provision in here anyway that I saw. 13 So what we have as we sit here with a 14 consent decree that we didn't consent to, an 15 agreement that's been repudiated, and we have the 16 likelihood of increased -- substantially increased 17 calls, and we've already had to cut our staffing 18 due to the failed referendum. 19 So at a minimum what we're asking is if 20 this Board sees fit to approve or recommend the 21 petition, at a minimum that it do so on the 22 condition that this agreement become part of their 23 requirement to be approved. 24 And that's where we sit right now.</p>	<p style="text-align: right;">40</p> <p>1 the microphone. 2 <b>A My name is John Nixon. We were operating with a staff on duty</b> 19 <b>at both fire stations that included five personnel</b> 20 <b>at Fire Station 1, four personnel at Fire Station 2,</b> 21 <b>plus myself from two locations in our fire district.</b> 22 Q Fire Station 2 is the Wasco -- 23 <b>A Yes.</b> 24 Q -- station, and that is the station that</p>

41	<p>1 is nearest to the Glenwood School?</p> <p>2 <b>A That would be the assigned station as a</b></p> <p>3 <b>primary response area for the facility.</b></p> <p>4 Q As a result of the financial shortages in</p> <p>5 the district, have you been required to make</p> <p>6 cutbacks in the services and personnel of the</p> <p>7 district?</p> <p>8 <b>A Yes. As a result of a failed referendum,</b></p> <p>9 <b>we were forced to eliminate one position which</b></p> <p>10 <b>diminished the staffing at Fire Station 2 by one</b></p> <p>11 <b>staff position every day.</b></p> <p>12 Q Would you explain what you mean by "staff</p> <p>13 position"?</p> <p>14 <b>A Our firefighters work a 24-on and 48-hour-</b></p> <p>15 <b>off shift. Consequently, one position means that</b></p> <p>16 <b>there must be someone there every day, and it's</b></p> <p>17 <b>usually in a platoon system of rotation that</b></p> <p>18 <b>requires three full-time personnel.</b></p> <p>19 Q And so that position has been eliminated</p> <p>20 at the moment?</p> <p>21 <b>A That's correct, due to budgetary</b></p> <p>22 <b>constraint we had to eliminate that position.</b></p> <p>23 Q What has the impact been on the operations</p> <p>24 out of the two fire stations?</p>	43
42	<p>1 <b>A Because we can't staff with four personnel,</b></p> <p>2 <b>we're required to run a constant call to jump</b></p> <p>3 <b>company from that fire station, which means that</b></p> <p>4 <b>when we take a call for that area, it could be</b></p> <p>5 <b>either a fire engine or an ambulance that</b></p> <p>6 <b>responds, but all three personnel respond together</b></p> <p>7 <b>on that piece of equipment. Where previously if</b></p> <p>8 <b>an ambulance call occurred we would only need to</b></p> <p>9 <b>send the ambulance to the hospital and keep the</b></p> <p>10 <b>other two people available for a second call. The</b></p> <p>11 <b>fire engine in that area was also advanced life</b></p> <p>12 <b>support equipped. So we've lost the ability to</b></p> <p>13 <b>serve that portion of our district effectively.</b></p> <p>14 Q What is the cost of the three full-time</p> <p>15 personnel that would be required for that one</p> <p>16 round-the-clock slot?</p> <p>17 <b>A The financial impact of that cutback would</b></p> <p>18 <b>be approximately \$250,000 that would need to be</b></p> <p>19 <b>replaced.</b></p> <p>20 Q Has there also been a change in the --</p> <p>21 strike that. Let me go back to the personnel.</p> <p>22 You've divided the fire district into</p> <p>23 service zones for purposes of monitoring calls?</p> <p>24 <b>A To determine the effective response areas</b></p>	44
	<p>1 <b>we have built response zones in our 38-square-mile</b></p> <p>2 <b>district.</b></p> <p>3 Q And the Wasco station is currently located</p> <p>4 in Zone 2?</p> <p>5 <b>A That's considered Area 2 for response</b></p> <p>6 <b>purposes, the division being the Randall Road</b></p> <p>7 <b>corridor. Area 2 would be west of that, and</b></p> <p>8 <b>everything east of that would be in Area 1.</b></p> <p>9 Q So does Area 2 include the Glenwood School?</p> <p>10 <b>A Yes, it does.</b></p> <p>11 Q In the most recent month, can you describe</p> <p>12 the calls and operations in Area 2 as it pertains</p> <p>13 to the fire district?</p> <p>14 <b>A Sure. During the month of July, this past</b></p> <p>15 <b>month that just closed yesterday there were</b></p> <p>16 <b>133 emergencies in the fire district. 89 were</b></p> <p>17 <b>emergency medical calls. In Area 2, of the 133,</b></p> <p>18 <b>73 calls were in Area 2. The amount of ambulance</b></p> <p>19 <b>service, 89, was approximately half of that in</b></p> <p>20 <b>Area 2 and half in Area 1. We also did have</b></p> <p>21 <b>23 overlapping calls where both of our ambulances</b></p> <p>22 <b>were committed.</b></p> <p>23 Q I was going to ask you what the definition</p> <p>24 of an overlapping call is but --</p>	

Conducted on August 1, 2018

45	<p>1 our current response time if we were back prior to</p> <p>2 this would be approximately 7 minutes and 20 seconds</p> <p>3 based on an historical average for one year.</p> <p>4 Q Have there been occasions in the most</p> <p>5 recent month where you have had to actually close</p> <p>6 one of the two stations?</p> <p>7 A We have. The Area 2 station had to be</p> <p>8 closed five times since May 1st due to shortfalls</p> <p>9 of staffing where we weren't able to fill out that</p> <p>10 jump company, and we didn't have enough personnel,</p> <p>11 so we had to temporarily close it for either 12 or</p> <p>12 24 hours and that happened five times.</p> <p>13 Q Has the financial condition of the district</p> <p>14 also had an impact on the equipment of the district</p> <p>15 both in terms of apparatus and other equipment</p> <p>16 such as heart monitors or radios?</p> <p>17 A We've had to defer or extend the life of</p> <p>18 equipment such as cardiac defibrillating monitors</p> <p>19 which are currently about to go end of life which</p> <p>20 we don't have any resources to replace, and</p> <p>21 without the funding to do anything with it, we</p> <p>22 have extended wear and tear on our apparatus and</p> <p>23 extended life on our vehicles, also, as well.</p> <p>24 Q Recently the district obtained an</p>	47	<p>1 A No. We're considered above average.</p> <p>2 Q Are there any other ways in which you</p> <p>3 believe that the Maxxam project could affect</p> <p>4 negatively the ability of the district to service</p> <p>5 either Maxxam or the other residents of the</p> <p>6 district?</p> <p>7 A Well, I represent the health and safety of</p> <p>8 the residents with regard to fire and emergency</p> <p>9 medical services, and without an agreement</p> <p>10 otherwise, the additional work that volume that</p> <p>11 would be imposed by the facility would tax us</p> <p>12 beyond our capable limits, and we would have no</p> <p>13 alternative but to watch as our district residents</p> <p>14 experienced extended response times and possibly</p> <p>15 medically negative outcomes of our fire losses in</p> <p>16 extent of what we want.</p> <p>17 Q Have you and the board of trustees reviewed</p> <p>18 the options available to the district in the event</p> <p>19 that the referendum does not pass in December?</p> <p>20 A Due to our unsustainable condition, we</p> <p>21 need to start replacing equipment, and in order to</p> <p>22 do that we will have to allocate funds from our</p> <p>23 existing funds out of taxes to do that. The only</p> <p>24 area we have left in our budget that would be able</p>
46	<p>1 additional -- I won't say new -- fire truck?</p> <p>2 A No, it's not new. It was a 1988 fire</p> <p>3 engine that we bought used for \$15,000 so that we</p> <p>4 could replace the reserve apparatus that failed.</p> <p>5 Q What are the condition of the ambulances</p> <p>6 owned and operated by the district?</p> <p>7 A Ambulance work is 67 percent of what we do</p> <p>8 annually. In last fiscal year we responded to</p> <p>9 1392 calls. 996 of those were ambulance calls.</p> <p>10 Our ambulances receive -- extra wear is a good way</p> <p>11 to put it because of the demands for responding to</p> <p>12 emergency situations. That extra wear requires</p> <p>13 constant maintenance and upkeep, and because the</p> <p>14 ambulances are over five years old, they're</p> <p>15 reaching end of life, so the maintenance costs are</p> <p>16 increasing, causing us to concern ourselves with</p> <p>17 the future of the ability for those ambulances to</p> <p>18 be reliable.</p> <p>19 Q In your experience what is the typical</p> <p>20 useful life of an ambulance if purchased new?</p> <p>21 A With this call volume a primary response</p> <p>22 time -- or a primary useful life would be six years</p> <p>23 and eight years in a slow fire district.</p> <p>24 Q Is this a slow fire district?</p>	48	<p>1 to do that would mean that we would have to reduce</p> <p>2 staffing.</p> <p>3 So it's anticipated that if it failed, we</p> <p>4 would have to close permanently on a rotating</p> <p>5 basis one fire station.</p> <p>6 Q So one particular station would not</p> <p>7 necessarily be closed, but there would only be one</p> <p>8 station that would be open at any one time?</p> <p>9 A We would reduce the number of slots so that</p> <p>10 we wouldn't be able to adequately staff two fire</p> <p>11 stations. So based on whatever agreement the</p> <p>12 Board decided, we would only have five personnel</p> <p>13 at one fire station as opposed to our current nine.</p> <p>14 MR. SHEPRO: I have no further questions</p> <p>15 of the chief. He's available for cross-examination.</p> <p>16 CHAIRWOMAN MELGIN: I had one question.</p> <p>17 Can you refresh my memory on Elburn? They</p> <p>18 also provide --</p> <p>19 THE WITNESS: That is correct. Our neighbors</p> <p>20 to the fire protection district in Elburn has been</p> <p>21 a very good partner with us and has helped us when</p> <p>22 we were not available on regular times.</p> <p>23 We have agreements with the Village of</p> <p>24 South Elgin and the South Elgin Fire Protection</p>

Conducted on August 1, 2018

1 District, Elburn Fire Protection District, the  
 2 Tri-City Ambulance, the West Chicago Fire  
 3 Protection District, the Bartlett Fire Protection  
 4 District, all of which would be our partners when  
 5 we're out of resources. But as you can envision  
 6 by looking at a map, the response times to those  
 7 emergencies climbs above 15 minutes even to the  
 8 extent where, you know, it could be dangerous.  
 9 MR. SHEPRO: If I may follow up.  
 10 BY MR. SHEPRO:  
 11 Q Is there an auto aid agreement with the  
 12 Elburn Fire Protection District?  
 13 **A We have an auto aid or mutual aid agreement**  
 14 **with all of our fire districts when we're out of**  
 15 **resources.**  
 16 Q But there's a difference between an auto  
 17 aid and a mutual aid?  
 18 **A Right. Mutual aid is usually deployed for**  
 19 **fire situations or mass casualty situations.**  
 20 **That's why we need multiple agencies to respond.**  
 21 **But when our assets are simply depleted, an**  
 22 **automatic aid agreement would kick in, and it's**  
 23 **based on our assignment to the closest fire**  
 24 **district near.**

50

1 Q And do we have an agreement with Elburn  
 2 for auto aid in all circumstances?  
 3 **A Yes.**  
 4 Q And South Elgin, as well?  
 5 **A Yes.**  
 6 MEMBER MILLEN: Just a quick question. Do  
 7 you know because of the situation of your  
 8 district, do your citizens pay higher insurance  
 9 premiums?  
 10 THE WITNESS: What you're referring to is  
 11 the Insurance Services Organization rating for  
 12 fire districts, and currently we're proud that  
 13 we're a 3 in hydranted areas and a 6 in unhydranted  
 14 areas, but one of those components includes a  
 15 staffing model for operating from two fire  
 16 stations. It's highly likely if this were to fail  
 17 and we closed a fire station that a resident in  
 18 the community would see an increase in their  
 19 property insurance.  
 20 MEMBER FALK: It's likely?  
 21 THE WITNESS: Very likely because ISO  
 22 would re-rate us at a higher level, and that would  
 23 reflect in higher bills to your homes for  
 24 insurance.

51

1 MEMBER LAKE: Fire Chief Nixon, I'm curious.  
 2 It sounds like out of the nine employees and  
 3 you're down to eight, and rather than splitting  
 4 them four plus four, you chose to keep one at five  
 5 and the other down to three, shorting your manpower  
 6 at that. What was the rationalization behind that?  
 7 THE WITNESS: That's a good question. The  
 8 five at Fire Station 1 includes the shift captain.  
 9 He's not on the fire truck or the ambulance. He's  
 10 the area supervisor for the district 38-square-mile  
 11 area. He doesn't count in the attack crew.  
 12 What we did was take one position out, and  
 13 we did it on a basis where we could run most  
 14 effectively as a jump company, and that was at  
 15 Fire Station 2. So our attack crews were four and  
 16 four plus one supervisor. So now the attack crews  
 17 are four and three, plus one supervisor.  
 18 The NFPA recommends that we assemble  
 19 15 firefighters on the scene of a working structure  
 20 fire, so that's the mutual aid that the attorney  
 21 was referring to.  
 22 MEMBER LAKE: Thank you.  
 23 CHAIRWOMAN MELGIN: Tracy?  
 24 MEMBER ARIS: Are you meeting current

52

1 State minimum requirements?  
 2 THE WITNESS: Yes. With the help of our  
 3 neighbors on mutual aid we do.  
 4 MEMBER ARIS: Okay.  
 5 THE WITNESS: If you're referring to  
 6 medical requirements, the Illinois Department of  
 7 Public Health has recently recertified us as an  
 8 advanced life support caregiver for both of our  
 9 ambulances and both of our primary fire engines.  
 10 So we had the -- prior to the failed referendum,  
 11 we had the ability to provide advanced life care  
 12 from four pieces of equipment.  
 13 CHAIRWOMAN MELGIN: Does the Board have  
 14 any other questions?  
 15 (No response.)  
 16 MR. LIGUORI: I have a couple of questions  
 17 if that would be all right.  
 18 CHAIRWOMAN MELGIN: Okay.  
 19 CROSS-EXAMINATION BY COUNSEL FOR THE PETITIONER  
 20 BY MR. LIGUORI:  
 21 Q Good evening, Chief. My name is Chris  
 22 Liguori. How are you?  
 23 It sounds like the fire district is in pretty  
 24 dire financial straits right now. Is that fair?

53

1 **A Yes, that's a fair assessment.**  
 2 Q In part because of that financial situation,  
 3 a referendum was put on the ballot to help the  
 4 fire district with its finances; is that also fair?  
 5 **A Right. In order to have the adequate**  
 6 **funding necessary for our fire district, we're**  
 7 **asking for a modest increase in our taxes.**  
 8 Q As I understand it, the referendum failed?  
 9 **A It has twice.**  
 10 Q It has twice. The residents of  
 11 Kane County have voted down that referendum?  
 12 **A The residents of our fire district have.**  
 13 MR. SHEPRO: If I may, Counsel,  
 14 technically the second referendum did not fail; it  
 15 was nullified by the Court. But it didn't pass.  
 16 MR. LIGUORI: Thank you.  
 17 Q Would you agree, Chief, that Maxxam Partners  
 18 had nothing to do with the current financial  
 19 situation that the district is looking at; right?  
 20 **A Yes. We're not looking at what that impact**  
 21 **was but what it would be should you impose upon us**  
 22 **additional work burden.**  
 23 Q You understand from the prior testimony  
 24 that there was a disagreement about the number of

54

1 calls that the fire district may receive from the  
 2 facility; right?  
 3 **A Correct. And I agree that that is difficult**  
 4 **to predict because the fire district doesn't know**  
 5 **how many beds you have.**  
 6 Q I take it that any money that the fire  
 7 district could get would be money that was  
 8 welcomed. Is that fair?  
 9 **A I think the money that was in our existing**  
 10 **agreement with your company was to assist us in**  
 11 **continuing adequate care to our community and your**  
 12 **facility.**  
 13 Q You understand that if Maxxam Partners  
 14 was -- its permit was granted that it would be a  
 15 source of tax revenue?  
 16 **A Absolutely.**  
 17 Q And you understand that a portion of that  
 18 tax revenue would go to the fire district?  
 19 **A Absolutely. I understand that.**  
 20 Q Have you reviewed the consent decree  
 21 that's Exhibit 1 to this hearing?  
 22 **A Not line by line. A summary of it.**  
 23 Q You understand that the consent decree  
 24 provides in Condition 17 that Maxxam will reimburse

55

1 the fire district for the cost of any emergency  
 2 medical services that are provided at the property;  
 3 right?  
 4 **A That's just like all of our residents do**  
 5 **when they get a bill from us.**  
 6 Q And you understand that Maxxam has also  
 7 agreed in Condition 17 that to the extent a mutual  
 8 aid agreement is implemented, it will reimburse  
 9 the village or the township that's providing that  
 10 service?  
 11 **A That's true.**  
 12 Q You also understand that Maxxam has agreed  
 13 to establish a foundation for Kane County where it  
 14 will pay the Fox River Valley \$15,000 a year,  
 15 right, as Condition 11?  
 16 **A I'm the fire protection district, not the**  
 17 **Fox River Valley.**  
 18 Q And you understand they will do that for a  
 19 period of 10 years; right?  
 20 **A To who?**  
 21 Q To the Fox River Valley.  
 22 **A That's not me and that's not my fire**  
 23 **district.**  
 24 Q But nevertheless, sir, you understand that

56

1 in Condition 11 Maxxam has agreed to contribute  
 2 \$15,000 a year to the Fox River?  
 3 MR. SHEPRO: I'm going to object because I  
 4 think the question is irrelevant who else they're  
 5 going to contribute to. If it's not us, it's  
 6 meaningless.  
 7 **A Question 11 as I read it didn't apply to me.**  
 8 Q Okay.  
 9 **A So I didn't consider that.**  
 10 MR. LIGUORI: That's all we have. Thank you.  
 11 MR. SHEPRO: I have one question on redirect.  
 12 REDIRECT EXAMINATION BY COUNSEL FOR THE FOX RIVER  
 13 & COUNTRYSIDE FIRE PROTECTION DISTRICT  
 14 BY MR. SHEPRO:  
 15 Q Has the Fox River Fire District to your  
 16 knowledge ever received any contributions,  
 17 financial or otherwise, from the community  
 18 foundation for the Fox River Valley?  
 19 **A No. I'm not aware of any contributions**  
 20 **being received by any foundation directly to the**  
 21 **fire department.**  
 22 AUDIENCE MEMBER: Am I allowed to ask a  
 23 question?  
 24 CHAIRWOMAN MELGIN: I'm going to ask the

<p style="text-align: right;">57</p> <p>1 State's Attorney. 2 Can the public ask questions? 3 MR. LULVES: That's your decision. That's 4 up to the Board in the interest of everybody's due 5 process rights. 6 CHAIRWOMAN MELGIN: I'll allow it. 7 AUDIENCE MEMBER: Simple technical question. 8 What is the primary path that would you take, the 9 streets from the Wasco fire station to the 10 Glenwood School property? 11 THE WITNESS: Probably up Burlington Road. 12 AUDIENCE MEMBER: Up Burlington Road to 13 Silver Glen? 14 THE WITNESS: Yes. 15 AUDIENCE MEMBER: I just wanted to know if 16 you'd cut through the neighborhood. 17 THE WITNESS: No, that would be an 18 indirect route. We wouldn't do that. 19 CHAIRWOMAN MELGIN: Okay. Thank you. 20 You have one more witness? 21 MR. SHEPRO: No, I don't believe so. I 22 would reserve the right to argue at the conclusion 23 of the testimony. Thank you. 24 CHAIRWOMAN MELGIN: Is this for Mr. --</p>	<p style="text-align: right;">59</p> <p>1 this Board and the County Board several times. 2 The Village only has -- the Village of 3 Campton Hills is the closest first responder for 4 the police department. Kane County only has 5 two sheriff officers to cover an entire district. 6 The Village of Campton Hills has only two officers 7 to cover 18 square miles, 101 miles of road, and 8 serves 11,000 people. 9 If one officer is on call at a Maxxam 10 facility, this leaves one officer to cover this 11 101 miles of road and 11,000 people. If the need 12 is for two officers, then we have nobody; we 13 depend on the County or mutual aid from Elburn, or 14 South Elgin, or Elgin, or wherever else we can get 15 it from. This is totally unacceptable. 16 Maxxam in their petition refused to talk 17 to us about this, refused -- have never contacted 18 us to say, "What can we do to help you people?" 19 They just haven't done it. Why? They decided 20 they think that the fire department should get 21 some help, and they sat down with them, and they 22 came up with an agreement that was torn up, but 23 never did they come to the Village and say, "Let's 24 work together."</p>
<p style="text-align: right;">58</p> <p>1 MR. TYRRELL: -- Shepro. 2 CHAIRWOMAN MELGIN: Okay. 3 MR. TYRRELL: Hi, my name is Mike Tyrrell. 4 With Maxxam reneging on the Fox River 5 district agreement, how does the Federal Court 6 guarantee fire and ambulance coverage and public 7 safety to the existing public? 8 MR. SHEPRO: I think you'd have to ask the 9 judge. As far as I know, there's nothing in the 10 decree that would permit the judge to have 11 jurisdiction over that issue as it is presently 12 proposed, but I'm willing to be educated. 13 MR. TYRRELL: Thank you. 14 CHAIRWOMAN MELGIN: Do we have other units 15 of government who wish to make a statement? 16 MR. BLECKER: Harry Blecker, president, 17 Village of Campton Hills. I wrote a big long 18 speech, but the objector's attorney and the fire 19 district stole all my thunder. 20 CHAIRWOMAN MELGIN: So it will be three 21 minutes; right? 22 MR. BLECKER: I'll be under three minutes. 23 Reading the consent decree we see nothing 24 about police protection. This was brought up to</p>	<p style="text-align: right;">60</p> <p>1 If, in fact, a call at Maxxam requires 2 two people, two officers, we have nobody. And 3 quite often when a fire call goes out or an 4 ambulance goes out, quite often a police car goes 5 out with them because several times they need 6 extra hands for help, traffic control, whatever. 7 This is a big detriment to our residents, 8 the 11,000 residents of the Village of Campton 9 Hills that are paying property taxes to the County 10 for these services. And that also includes -- 11 these 11,000 residents do not pay any village tax, 12 and there is no referendum for that to be coming 13 forward. 14 So I think it would only behoove Maxxam 15 and this Board if they want to open this facility, 16 which I don't think should happen, that they 17 should be talking to everybody involved, just not 18 some of the people involved. 19 This facility does not fulfill the very 20 first requirement of being detrimental -- not 21 being detrimental to the residents of the area and 22 Kane County. I have faith in you that you will 23 not be bullied by money interests and that you'll 24 do the right thing for the residents of Kane County</p>

1 and once again give this a no recommendation.  
 2 Thank you for your time.  
 3 (Applause.)  
 4 CHAIRWOMAN MELGIN: Do we have any other  
 5 units -- one more.  
 6 MR. STUTESMAN: Madam Chairman, I have a  
 7 statement that I'd like to have entered as an  
 8 exhibit in the record.  
 9 CHAIRWOMAN MELGIN: State your name.  
 10 MR. STUTESMAN: The mic was a little  
 11 taller than I was. Who do I give that to?  
 12 CHAIRWOMAN MELGIN: Me. Thank you.  
 13 We're entering this letter to the Board  
 14 into the record from Joseph Miller, Campton  
 15 Township Trustee.  
 16 MR. STUTESMAN: Right. I'm Thomas Stutesman  
 17 representing Campton Township. I'm a trustee  
 18 also. And what I'd like to do is I will read into  
 19 the record at a very expedient rate to maintain  
 20 all the things. I believe very firmly on what is  
 21 stated here, and I wanted to just make sure that  
 22 that is entered into the record accordingly.  
 23 First off, this is from the letter. Do I  
 24 need to be sworn in at all?

62

1 CHAIRWOMAN MELGIN: No, you don't need to  
 2 be sworn in. I'm just -- do we need to put into  
 3 the record --  
 4 MR. STUTESMAN: I think you have to  
 5 actually read it.  
 6 MEMBER FALK: We don't know what we're  
 7 putting into the record, so let's hear it.  
 8 MEMBER ARIS: We'll hear it and point of  
 9 order, if we decide to accept it, does it become  
 10 Exhibit 8?  
 11 CHAIRWOMAN MELGIN: Well, we can accept it  
 12 into the record. We lost our attorney and I'm a  
 13 hydrologist, but we're doing the best we can.  
 14 MR. STUTESMAN: I'm an engineer.  
 15 May I begin? Is that appropriate?  
 16 CHAIRWOMAN MELGIN: Okay. Go ahead.  
 17 MR. STUTESMAN: Thank you again for your  
 18 time. Thank you for all your patience. Thank  
 19 everybody here. Again, Joe Miller and myself both  
 20 very much agree, the entire Campton Township board  
 21 is very supportive of this.  
 22 First off, "More than being asked to rubber  
 23 stamp a consent decree that overturns two separate  
 24 and well-documented hearings in this matter, you

63

1 are now being asked to approve zoning that  
 2 includes a series of conditions not proposed in  
 3 the original application nor in any previous  
 4 hearing. Each of these significantly changes the  
 5 former petition for the worse, so much so that it is  
 6 unconscionable to not hold entirely new hearings  
 7 to examine their impact of this application." I  
 8 think that's been stated by others, also, but I  
 9 wanted it to remain that this is part of our  
 10 statement. "I urge you to resist and deny the  
 11 false choices being pushed on you by the State's  
 12 Attorney and vote no to one of the largest  
 13 giveaways in the history of Illinois of public  
 14 wealth to a private, for-profit entity.  
 15 "To be specific, first, whereas Maxxam had  
 16 previously stated no desire to expand beyond the  
 17 current number of buildings on-site, we now find  
 18 language in Section III Special Use Approval, C3  
 19 and C4 of the consent decree addresses future  
 20 growth of this type. Though these specify that  
 21 any additional buildings would be subject to the  
 22 zoning process for approval, your vote of yes on  
 23 their revised petition will become a de facto  
 24 nullification of the entire zoning process, making

64

1 any future approvals or oversight moot. In other  
 2 words, your vote yes would be an historical  
 3 precedent and open a Pandora's box of virtually  
 4 unfettered growth on this site. To be clear, once  
 5 Maxxam has a foothold on the site, there will be  
 6 no opportunity to object to future growth. Rather  
 7 than being the safeguard of County zoning policies  
 8 tonight, you are being asked to be the midwife in  
 9 their very destruction.  
 10 "In Section III, C5 now allows for the  
 11 continuing care of patients that have been  
 12 released and will return to the site for ongoing  
 13 care. This additional traffic was never part of  
 14 the original study provided by KDOT. Section III,  
 15 C13 allows for the increase of patient density  
 16 and, thereby, its overall capacity, now allowing  
 17 up to three to four times the original application's  
 18 number of patients to be on-site even without  
 19 additional buildings. This represents a significant  
 20 change to the original petition which, again, has  
 21 not been modeled for KDOT to ensure public safety.  
 22 "Throughout the previous hearings objectors  
 23 to this petition provided certified data specific  
 24 to Maxxam's stated model that confirms the

Conducted on August 1, 2018

<p style="text-align: right;">65</p> <p>1 emergency traffic required to support any facility  2 of this type would be at least 300 combined calls  3 annually, and increasing capacity would up to  4 1,000 calls annually. Despite Maxxam's denials,  5 even Kane County's own sheriff estimated the  6 annual call volume to be around 200 or around  7 700 calls annually at this new potential capacity.  8 "As a result, your vote yes will force  9 Kane County taxpayers to pay nearly \$10 million  10 potentially to widen roads like Silver Glen,  11 Corron, Burlington to be more safe, though even  12 this still wouldn't address the burden on local  13 emergency services, which both of them have  14 stated. It was inept of the petitioner to have  15 never examined these impacts during the original  16 statement and would be malfeasance now to approve  17 these petitions without further studies that use  18 very real numbers. Your vote yes would be made  19 knowing that this application used misleading data  20 and was flawed in the application.  21 "Third, throughout this process objectors  22 have noted that despite what we were being told by  23 Mr. Marco, it is not the model of a developer to  24 own and operate business. To be clear, Mr. Marco</p>	<p style="text-align: right;">67</p> <p>1 "Finally, during the second hearing  2 objectors exposed that the wastewater treatment  3 system was designed only to manage normal biologic  4 loads. It was never designed to manage  5 medications that would be excreted into the  6 system, some of which would be unknown and of the  7 type typically found in any given population -  8 antibiotics, anti-depressants, hormone replacements,  9 et cetera. If allowed, this cocktail of biological  10 and chemical agents, some of which still would be  11 active and have half-lives that are unknown would  12 be sprayed -- yes, sprayed -- onto an open field.  13 "Our region has shallow aquifers, creeks,  14 and general wetlands. Section III C12 only  15 promises to adhere to the most basic environmental  16 criteria, though none of the statutes or  17 regulations referenced was met or is sufficient to  18 protect this and the water from these types of  19 contaminants. In other words, since there are no  20 regulations specific to medications in the  21 wastewater, Maxxam would not have to measure these  22 items, and the surrounding community would be  23 helpless to protect ourselves against the  24 environmental impact. Your vote yes would put our</p>
<p style="text-align: right;">66</p> <p>1 has no experience in owning or operating a business  2 of this type, which was highlighted throughout the  3 process under oath and in public.  4 "All along and despite his denials, objectors  5 suspected that there was just another developer  6 that would flip the property to some other entity.  7 Our suspicions have now been justified through the  8 inclusion of Section III, C4 and C7 and Section IV,  9 Successor Owners and Recordation. Especially  10 troubling is that this settlement runs with the  11 land and that Maxxam can assign their rights to  12 purchase the property to virtually anyone even  13 before they would take possession or open their  14 doors for business.  15 "In other words, after pocketing some  16 quick cash through settlement, Mr. Marco and his  17 unknown partners can simply sell their rights to  18 some other entity, including someone with  19 potentially less experience than him. Your vote  20 yes would confer zoning rights to the largest and  21 most remote drug treatment center in Illinois to  22 some totally unknown applicant that may have a  23 completely different vision for the property than  24 described. Kane County would have no recourse.</p>	<p style="text-align: right;">68</p> <p>1 water, our environment, and our health at risk.  2 "In closing, Maxxam was previously denied  3 permit on two occasions on three grounds: Lies  4 and misrepresentations throughout the hearings,  5 lack of credibility as an applicant, and that the  6 proposed business places an unfair burden on both  7 the local emergency services and taxpayers to pay  8 the cost that would be required to make our roads  9 safe again.  10 "Denying Maxxam's petition is not about  11 discrimination at all. It is about the inadequate  12 application that was mismanaged throughout the  13 petition process and should be therefore denied.  14 I urge you not to reward bullying from either the  15 petitioner or the State's Attorney. Please vote  16 no and preserve Kane County's ordinance and deny  17 bad petitions.  18 "Sincerely, Joseph Miller, Campton Township  19 Trustee."  20 (Applause.)  21 CHAIRWOMAN MELGIN: Please keep that to  22 minimum. Appreciate it. Thank you.  23 Thank you, Mr. Miller. He's a Campton  24 trustee. I recommend we put this into the record</p>

<p>1 as Exhibit 6.</p> <p>2 MEMBER FALK: I'll make a motion to put it</p> <p>3 into the record.</p> <p>4 MEMBER ARIS: I'll second.</p> <p>5 CHAIRWOMAN MELGIN: Move Exhibit 6. All</p> <p>6 in favor.</p> <p>7 (Ayes heard.)</p> <p>8 (Exhibit 6 marked for identification.)</p> <p>9 CHAIRWOMAN MELGIN: Since there's no other</p> <p>10 units of government, I recommend that we take like</p> <p>11 a 10-minute break before we get the general public</p> <p>12 up so we can get the list and get that in order.</p> <p>13 So 10 minutes. Of course, you know, my</p> <p>14 time isn't being held to. So 10 minutes, please.</p> <p>15 MR. SHEPRO: Madam Chair, before you</p> <p>16 recess, I would inquire that the agreement between</p> <p>17 Maxxam and the fire district is in the record, and</p> <p>18 if it is not, I believe that's been furnished to</p> <p>19 staff, and I would ask that that be included in</p> <p>20 the record.</p> <p>21 CHAIRWOMAN MELGIN: I don't think it's in</p> <p>22 the record at this time.</p> <p>23 MR. SHEPRO: I've been suggested that it</p> <p>24 might be in the record from the previous hearing,</p>	<p>1 continuance already tomorrow?</p> <p>2 CHAIRWOMAN MELGIN: It's likely. We</p> <p>3 haven't made that --</p> <p>4 MR. SHEPRO: Just to clarify, you think</p> <p>5 they will be up this evening?</p> <p>6 CHAIRWOMAN MELGIN: By noon tomorrow.</p> <p>7 MEMBER ARIS: And they're up right now.</p> <p>8 CHAIRWOMAN MELGIN: So we're going to --</p> <p>9 MR. LIGUORI: Excuse me. I'm sorry.</p> <p>10 CHAIRWOMAN MELGIN: That's okay.</p> <p>11 MR. LIGUORI: Because there are exhibits</p> <p>12 to the consent decree, do they need to be moved</p> <p>13 into evidence?</p> <p>14 CHAIRWOMAN MELGIN: I can't hear because</p> <p>15 somebody is talking.</p> <p>16 MR. LIGUORI: Do these need to be moved</p> <p>17 into evidence because they are exhibits to the</p> <p>18 consent decree?</p> <p>19 CHAIRWOMAN MELGIN: Should we move these</p> <p>20 into evidence?</p> <p>21 MEMBER FALK: They're already there.</p> <p>22 MEMBER ARIS: They just weren't up on the</p> <p>23 website.</p> <p>24 MEMBER FALK: I think you already had</p>
70	72
<p>1 but it couldn't be because it was reached after</p> <p>2 the hearing closed -- oh, the previous County Board.</p> <p>3 MEMBER FALK: That's not us.</p> <p>4 MR. SHEPRO: I would request that that be</p> <p>5 included in the record of this proceeding since</p> <p>6 reference was made to it.</p> <p>7 CHAIRWOMAN MELGIN: Can I get a</p> <p>8 recommendation? We don't have a copy.</p> <p>9 MEMBER ARIS: We don't have a copy and</p> <p>10 haven't seen it and had time to look at it.</p> <p>11 MR. SHEPRO: That's the point of my</p> <p>12 request.</p> <p>13 (Recess taken, 8:27 p.m. to 8:41 p.m.)</p> <p>14 CHAIRWOMAN MELGIN: Okay. We're going to</p> <p>15 get started. One of the comments was the exhibits</p> <p>16 that were referred to in the consent decree weren't</p> <p>17 available on the website. So he's putting those</p> <p>18 up right now, and they will be on the website by</p> <p>19 tomorrow for review. So you can review and</p> <p>20 comment on these; you can send written comments.</p> <p>21 It's likely we'll be continuing through to</p> <p>22 tomorrow tonight, and you'll have a chance to</p> <p>23 comment on those exhibits at that time, too.</p> <p>24 AUDIENCE MEMBER: You say we're having a</p>	<p>1 them; right?</p> <p>2 MR. LULVES: We had them.</p> <p>3 CHAIRWOMAN MELGIN: There was a request to</p> <p>4 put the agreement with the fire department, the</p> <p>5 agreement dated April 2018 into the record. Do I</p> <p>6 have a motion on that?</p> <p>7 MEMBER MILLEN: I'll so move.</p> <p>8 CHAIRWOMAN MELGIN: Is there a second?</p> <p>9 (No response.)</p> <p>10 CHAIRWOMAN MELGIN: No? All right. We</p> <p>11 will not put this into the record at this time.</p> <p>12 MR. SHEPRO: For the record, we object to</p> <p>13 its not being placed into the record.</p> <p>14 CHAIRWOMAN MELGIN: So we'll start with the</p> <p>15 list. The first person on the list is Van Richards.</p> <p>16 Please come up.</p> <p>17 I've already stated your name. You can</p> <p>18 state your address.</p> <p>19 MR. RICHARDS: My name is Van Richards.</p> <p>20 I'm a retired attorney, practiced in Kane County</p> <p>21 for 55 years.</p> <p>22 We have heard from counsel from Maxxam</p> <p>23 about the enforcement provisions of the consent</p> <p>24 decree, but what we have is a consent decree</p>

<p style="text-align: right;">73</p> <p>1 without consent.</p> <p>2 After hearing the fire testimony, it is</p> <p>3 very clear that the public safety and welfare is</p> <p>4 impacted by the lack of an ability to respond, and</p> <p>5 that's coupled with the fact that the consent</p> <p>6 decree that is not consented to has no restrictions</p> <p>7 on the number of beds, and on page -- as has been</p> <p>8 addressed by the last speaker, there is a provision</p> <p>9 on page six, paragraph four, about should Maxxam</p> <p>10 or its successor desire to add new buildings.</p> <p>11 So not only do they not limit themselves to</p> <p>12 120 beds, they allow for the building of buildings.</p> <p>13 so you couple that with the testimony from the</p> <p>14 fire department which is devastating, if you</p> <p>15 approve this or consent to this, you're putting</p> <p>16 the community at risk.</p> <p>17 The new things are, they've addressed the</p> <p>18 fact that they have had to have cutbacks. This</p> <p>19 Board has reviewed thousands of pages of testimony,</p> <p>20 and our recommendation is important, and I ask you</p> <p>21 to stand behind the community and protect the</p> <p>22 community. We're not talking here about something</p> <p>23 that is minimal. We're talking about human life.</p> <p>24 Because if that ambulance can't make a call, it</p>	<p style="text-align: right;">75</p> <p>1 And, lastly, if you haven't done so</p> <p>2 already, I would suggest you folks go to the Kane</p> <p>3 CountyGuide.org website and put the key words of</p> <p>4 drug rehabilitation centers, and you will see that</p> <p>5 in the Kane County Guide there are 357 current</p> <p>6 locations that would do the same thing as these</p> <p>7 folks, so we don't need another one.</p> <p>8 (Applause.)</p> <p>9 CHAIRWOMAN MELGIN: All right. Thank you,</p> <p>10 Mr. Turner.</p> <p>11 Mark Atkinson. And please state your</p> <p>12 address for the record.</p> <p>13 MR. ATKINSON: Mark Atkinson, 7N290 Fox</p> <p>14 Bend Drive. I've spoken in the past, and I would</p> <p>15 be repeating everything I said before but I'm</p> <p>16 opposed to it. I'm a 30-year police veteran, and</p> <p>17 what we heard from the president of the village is</p> <p>18 absolutely true and also from the fire chief.</p> <p>19 Police officers should always be in pairs</p> <p>20 if you're ever dealing with a drunk, drugged, or</p> <p>21 deranged person, and paramedics are not equipped</p> <p>22 to defend themselves and should have a police</p> <p>23 officer or two police officers with them anytime</p> <p>24 they're dealing with people dealing with these</p>
<p style="text-align: right;">74</p> <p>1 has to make it at Maxxam -- remember, they are</p> <p>2 doing detox, and they're going to have a lot of</p> <p>3 calls over there. We've heard from the fire</p> <p>4 department, and we've heard from Mr. Shepro that</p> <p>5 explains that situation very clearly to us.</p> <p>6 This consent decree that is not consented</p> <p>7 to yet should be denied.</p> <p>8 CHAIRWOMAN MELGIN: Thank you, Mr. Richards.</p> <p>9 (Applause.)</p> <p>10 CHAIRWOMAN MELGIN: And thank you for</p> <p>11 keeping to the time.</p> <p>12 Norm Turner, next speaker.</p> <p>13 MR. TURNER: Hello, I'm Norm Turner.</p> <p>14 I'm a 23-year resident of the Campton Hills area,</p> <p>15 and I just have two comments because of the</p> <p>16 proposed program, and my biggest concern is our</p> <p>17 safety.</p> <p>18 Because if you look at what's going on in</p> <p>19 the general area where this proposed facility will</p> <p>20 be, there's currently construction for 450-plus</p> <p>21 homes at the corner of Corron Road and McDonald Road.</p> <p>22 So the traffic there will be at least 900 more</p> <p>23 cars that are going to be riding up and down the</p> <p>24 same streets and jeopardize our safety.</p>	<p style="text-align: right;">76</p> <p>1 problems.</p> <p>2 So I don't want to repeat everything I've</p> <p>3 said in the past. Thank you very much. I am</p> <p>4 opposed.</p> <p>5 (Applause.)</p> <p>6 CHAIRWOMAN MELGIN: Thank you.</p> <p>7 I'm going to need help with this next one.</p> <p>8 Kenneth --</p> <p>9 MR. SIERCKS: Siercks, I live at</p> <p>10 6N715 Longacre Drive. I bought my house in April</p> <p>11 of 2017. One of the considerations I made for</p> <p>12 purchasing my home was -- you know, I'm a little</p> <p>13 bit confused why we're even here tonight because</p> <p>14 from what I understand by reviewing the testimony</p> <p>15 and everything like that, that this was tried in</p> <p>16 2012, and it's already been shot down two times,</p> <p>17 and now we get this sanctimonious response that we</p> <p>18 as nonattorney citizens have made comments, and we</p> <p>19 are, you know, basically violating the rights of</p> <p>20 people with disabilities.</p> <p>21 The Social Security Administration doesn't</p> <p>22 provide or consider alcoholism or drug addiction,</p> <p>23 in fact, a disability. You can't get disability</p> <p>24 for that.</p>

1 I do big data analytics. All right? To  
 2 be able to prove or disprove the crime in an area,  
 3 it's very hard for any mathematician to link this  
 4 data as it's reported. The fact is, if you have  
 5 more people, there's a potential for more crime  
 6 and things like that. So it's a general stereotype  
 7 and stigmatism.  
 8 I'm definitely opposed to this, but now  
 9 this is very much impacting me because now I'm  
 10 questioning my decision of purchasing a piece of  
 11 property in this neighborhood, like I said, based  
 12 on the fact that this has already been shut down.  
 13 And I just don't understand why we're even  
 14 here tonight further discussing this. It's really  
 15 a waste of everyone's time.  
 16 (Applause.)  
 17 CHAIRWOMAN MELGIN: Thank you.  
 18 The next speaker, Doris Wolter.  
 19 MS. WOLTER: Hi, Doris Wolter,  
 20 6N743 Brierwood Drive. I keep hearing about that  
 21 the DA and these gentlemen over here have been  
 22 talking about this for months or something behind  
 23 our back. Why haven't we been included in all  
 24 this conversation? I'll direct this to the DA.

78

1 CHAIRWOMAN MELGIN: Well, I think this was  
 2 a Federal Court negotiation. So this hearing is  
 3 for the petition, not for the settlement. So if  
 4 you have comments on the petition, we'd like to  
 5 hear those, but as far as the lawsuit or the  
 6 settlement, that's not what this hearing is for.  
 7 MS. WOLTER: Okay. But this was the first  
 8 I had heard about the lawsuit and everything. I  
 9 mean, it should have been brought up sooner and  
 10 everything.  
 11 One thing I want to say is I've been in  
 12 the neighborhood for 33 years, and it's a very  
 13 nice neighborhood; you don't have to worry about  
 14 anything. The other day a helicopter came down,  
 15 and it came down real low in our neighborhood, and  
 16 because I knew this was coming up, I mean, I  
 17 freaked out. I was out working in my yard, and I  
 18 went in the house, locked the door because -- and  
 19 this is the way it will be if you put this rehab  
 20 place in here.  
 21 These people can enter in and out at  
 22 anytime day or night they can leave. That fence  
 23 isn't going to stop anything. My dog can jump  
 24 that fence, so it's not going to stop anything.

79

1 And then they're not even putting in the wetland,  
 2 so why bother with the fence if you're going to  
 3 do that.  
 4 Another thing is the last time they were  
 5 petitioning, we came up and we asked them  
 6 questions, and they held the Fifth on everything  
 7 and wouldn't answer anything. If that doesn't  
 8 tell you something is wrong with this, please,  
 9 please vote this down again. Do what's right for  
 10 our community. You're representing us, not them.  
 11 You're representing us, so please vote no.  
 12 Thank you.  
 13 CHAIRWOMAN MELGIN: Thank you.  
 14 MR. SHEPRO: Kenneth Shepro for the fire  
 15 district. I was concerned about the Chair's  
 16 comment a few minutes ago that this hearing does  
 17 not involve the consent decree. The consent  
 18 decree was entered into evidence as the only new  
 19 exhibit by the applicant, and it was discussed  
 20 extensively in the only narrative that was  
 21 provided. I don't see how we could say --  
 22 CHAIRWOMAN MELGIN: Well, we're going to  
 23 discuss the conditions, but we're not discussing  
 24 the specifics of the lawsuit. That's not this

80

1 Board's job.  
 2 MR. SHEPRO: But just to be clear, the  
 3 consent decree and its provision are fair game.  
 4 CHAIRWOMAN MELGIN: The conditions of the  
 5 consent decree.  
 6 MR. SHEPRO: Thank you.  
 7 CHAIRWOMAN MELGIN: The next speaker is  
 8 Catherine Johnson.  
 9 MS. JOHNSON: Hello, my name is Catherine  
 10 Johnson. I live at 43W123 Ickenham Lane in  
 11 Campton Hills about two miles from the facility  
 12 off of McDonald Road.  
 13 My husband and I have been residents of  
 14 Kane County since myself 1989, and we built our  
 15 house in 1991, and we are proud to be in our  
 16 community, and we do appreciate everything that  
 17 you all do.  
 18 A couple of things I want to say. I'll  
 19 keep it short.  
 20 I do agree with many of the previous  
 21 comments made such that as we are not aware of any  
 22 changes being presented tonight in regards to the  
 23 use of the special use permit, and if due diligence  
 24 was done on the previous two votes, then the vote

Conducted on August 1, 2018

81	<p>1 should remain the same. It should be not approved                  2 tonight or as we go forward.                  3 If changes are being presented such as                  4 potential patient head count increases, a new                  5 analysis of the effect of more patients needs to                  6 be performed, does it meet that requirement of the                  7 special use permit, not providing any detriment to                  8 the citizens of Kane County.                  9 I also agree with the previous comments                  10 that the proposed facility is not like a hospital,                  11 and, therefore, it does not meet the requirements                  12 of the special use permit.                  13 And two additional comments. Condition                  14 No. 5 of the decree allows for outpatient services.                  15 It states as written, "The facility shall not                  16 provide outpatient treatment of any methadone                  17 patients or any other outpatient program or                  18 service unless it is related to a patient's                  19 inpatient continuum of care."                  20 So we always hear that it's an inpatient                  21 facility, but they will be providing outpatient                  22 services, and the way this condition is written,                  23 it doesn't even say it's an outpatient to Maxxam;                  24 it could be outpatient of another facility.</p>	83
82	<p>1 Condition No. 8 states Maxxam shall use                  2 reasonable efforts to pursue accreditation by the                  3 Joint Commission on Accreditation of Healthcare                  4 Organizations and the commission of accreditation                  5 rehabilitation facilities.                  6 It, again, is stating "reasonable effort."                  7 Reasonable effort is a relative term. It does not                  8 require it. I do understand the requirement is to                  9 be licensed by the requirements of the State of                  10 Illinois, but I would question why the condition                  11 here does not require the accreditation.                  12 That's all I had to add. Thank you.                  13 CHAIRWOMAN MELGIN: Thank you.                  14 (Applause.)                  15 CHAIRWOMAN MELGIN: Bob Bennett.                  16 MR. BENNETT: My formal name is                  17 Robert W. Bennett. I live at 41W493 Silver Glen                  18 Road. I've been a resident at that location since                  19 1974, so a few years.                  20 It's really a question -- and I realize                  21 that you're not going to get into the consent                  22 decree. My problem is really with the State's                  23 Attorney, and I wish somebody was here that even                  24 understood what I'm going to talk about.</p>	84
	<p>1 The basis for the Federal suit was                  2 discrimination against disabled. Okay? Now, if                  3 this consent decree had any meat to it, it would                  4 require that the folks in the facility would have                  5 some qualification to be disabled. Otherwise,                  6 there's no discrimination as far as I'm concerned.                  7 So we're discriminating against a nonentity,                  8 but the Federal judge for some reason includes                  9 that entity under a general category and says,                  10 "Well, you know, we're just going to approve this                  11 along the way." My problem is just the general                  12 concept of the fact that you can enter a Federal                  13 suit on anything and then have a totally nonrelated                  14 outcome from the initial suit.                  15 That's all I have to say. I've been                  16 battling this for years and years and years, all                  17 the way back, folks know the SuperCollider, and                  18 really all I think is they're here to wait for us                  19 to die or wear us out. Sorry.                  20 CHAIRWOMAN MELGIN: Thank you, Mr. Bennett.                  21 (Applause.)                  22 CHAIRWOMAN MELGIN: Bonnie Blank.                  23 MS. BLANK: I don't want to talk. I just                  24 want to say thank you for your time and we so</p>	
	<p>1 appreciate it. We know how hard this must be for                  2 you, but please listen to these people. They're                  3 so smart. They're saying everything and they're                  4 saying it right. They're good people.                  5 Thank you.                  6 CHAIRWOMAN MELGIN: Thank you.                  7 (Applause.)                  8 CHAIRWOMAN MELGIN: All right. Andre                  9 Burkowski. Am I getting that right? It's very                  10 difficult to read.                  11 MEMBER FALK: Does he have an address?                  12 CHAIRWOMAN MELGIN: Corron Road,                  13 6N805 Corron Road.                  14 AUDIENCE MEMBER: He left.                  15 CHAIRWOMAN MELGIN: We'll come back to him                  16 if he comes back in the room.                  17 Janice Ziegler.                  18 MS. ZIEGLER: I am going to ask for a                  19 little leniency in what I'm going to say. I'm                  20 going back to 1989 when Glenwood came to the Board                  21 and asked them to approve a special use permit.                  22 And at that time I know that there are people who                  23 say, "Well, there was no objections." There were                  24 objections. There were a lot of objections from</p>	

Conducted on August 1, 2018

<p style="text-align: right;">85</p> <p>1 the people in that community for this exact same  2 reason, that if the school did not stay there,  3 that someone else would come in and want  4 something else. Glenwood said at that time that  5 they would never be a burden to the citizens in  6 that area, that they would not be a problem, and  7 that is not the truth.  8 Campton -- they went before Campton. This  9 was turned down. These people have -- the  10 residents have come time and time again before  11 this Board. I grew up in an area where there were  12 people sitting in front of my home as a child  13 shooting up with needles and that, so I'm well  14 aware of addictions. I'm well aware of where  15 people who use drugs come from. It is not always  16 low-income areas. It is your neighbor; it's my  17 neighbor.  18 However, I have lived in this area for  19 34 years. I worry about our wells because if this  20 is allowed to be expanded in any way, where is  21 that water all coming from? I also worry about  22 the pollution with the drugs going into the  23 groundwater.  24 A few years back Northwest Bible Baptist</p>	<p style="text-align: right;">87</p> <p>1 multiple accidents on the corner of McDonald and  2 Dittman Road, and I know that the County is aware  3 of it because now we have a four-way stop. It was  4 just one way all this time, now a four-way stop.  5 It takes so long for somebody to respond,  6 and if you are that person that needs assistance  7 and you are waiting, whether you are in that  8 facility or whether you are outside of that  9 facility, whether it's a resident that will not  10 get help because they're responding to somebody  11 from the facility or whether somebody in the  12 facility doesn't get help because they're  13 responding to a resident.  14 You can only stretch things so far. The  15 money is just not there for all the services that  16 we demand time and time again. The sheriff's  17 department can't respond to everything.  18 This has been voted down multiple times,  19 and I don't understand why everybody has to keep  20 coming back and asking time and time again for  21 this to be turned down again. It's not a good fit  22 for that area. I realize to locate somewhere else  23 would be more expensive, and I realize that the  24 people who invested their money in Glenwood, the</p>
<p style="text-align: right;">86</p> <p>1 Church wanted to put a college on the corner of 47  2 and McDonald Road, and they came before the Board,  3 and I was at those meetings. And when they told  4 what their facility size was going to be, the Board  5 had all kinds of stipulations as to what they  6 could and could not do on that property. Now, I  7 have to say that the stipulations were extensive,  8 and as a result, they decided to go elsewhere, and  9 they did not build on that land.  10 I am very concerned. This is a 120-acre  11 parcel. This could be a subdivision-sized  12 facility given one foot in the door. I mean, if  13 this is approved, there will be no stopping any  14 future building. I realize that the Board thinks  15 that they will have control. They will not.  16 There has been no discrimination. I would  17 be against this facility if it was an assisted-  18 living facility or a nursing facility, and I will  19 tell you why. It is for the exact same reasons that  20 I am against this facility as a drug and rehab. I  21 care about residents; I care about alcohol and  22 drug residents; I care about senior citizens.  23 When you are so far from a medical facility -- I  24 have lived in my home for 34 years. I have had</p>	<p style="text-align: right;">88</p> <p>1 bonds are up; they want their money back.  2 I want them to produce somebody who was  3 discriminated against because they were turned away  4 from being -- if you're filing a discrimination  5 lawsuit, who are you discriminating against?  6 Maxxam? Glenwood? I don't think so.  7 You know, if Glenwood is suffering  8 financially, why aren't they bussing the students  9 that are in Glenwood out to this facility rather  10 than closing this facility and bussing those  11 students into Glenwood? Why didn't they reverse  12 it? It's because they were too far from  13 facilities. There's no public transportation, so  14 the people who would come and visit those students  15 could not come because they had no way to get there.  16 This is just -- it's a nightmare and it's  17 awful. You cannot -- you just cannot realize when  18 you're standing there waiting for help how awful  19 it is. I ask you to come out there.  20 You know, when they first built the  21 facility, it flooded McDonald Road because all the  22 dirt -- they built a big mountain, and when our  23 road commissioner was out there, he said, "Why?  24 Why is it flooding?" I said, "Look at the</p>

1 mountain of dirt. Follow where it comes from."  
 2 That's what I'm asking you to do, follow  
 3 where it comes from. Please vote it down.  
 4 CHAIRWOMAN MELGIN: Thank you.  
 5 (Applause.)  
 6 CHAIRWOMAN MELGIN: Bill Reese.  
 7 MR. REESE: Hi. My name is Bill Reese.  
 8 I'm at 6N935 Gilmore Drive in Campton Hills, and  
 9 I'm the president of the Pine Haven homeowners  
 10 association. I'm here in opposition to this  
 11 Maxxam facility. We feel that Maxxam has operated  
 12 in bad faith all the way along. It's been -- like  
 13 everybody said before, it's been turned down twice,  
 14 and now here we are again.  
 15 I have a question, though. Our subdivision  
 16 is about 40 acres, and we pay about close to a  
 17 million and a half in property taxes each year.  
 18 Does anybody know how much Maxxam is going to be  
 19 paying in property taxes for a site that's about  
 20 three times as large?  
 21 AUDIENCE MEMBER: 330,000.  
 22 MR. REESE: That's appalling.  
 23 AUDIENCE MEMBER: How much?  
 24 MR. REESE: 330,000.

90

1 AUDIENCE MEMBER: What?  
 2 MR. REESE: We don't have near the impact  
 3 that Maxxam would have on the facilities, on the  
 4 police, fire department, on the roadways.  
 5 In addition, our location is at the corner  
 6 of Silver Glen and Burlington Roads. So I've  
 7 heard numbers of over 1,000 calls a year coming up  
 8 Burlington and down Silver Glen. That's going to  
 9 have a huge impact on our neighborhood, and our  
 10 property values, and our quality of life.  
 11 I urge you to turn down this petition.  
 12 Thank you.  
 13 (Applause.)  
 14 CHAIRWOMAN MELGIN: Thank you, Mr. Reese.  
 15 Ray Pelling.  
 16 MR. PELLING: I'm Ray Pelling. I live at  
 17 41W501 Silver Glen Road, which is just across the  
 18 street almost from this facility.  
 19 And I say what about our concerns and the  
 20 rights of the individuals who have lived there and  
 21 bought there and are now really having our zoning  
 22 changed. Because when we moved in, as many people  
 23 have already said, the zoning was like it is. Now  
 24 we're going to change that zoning, which really

91

1 changes our zoning, as well.  
 2 If I wanted to -- just, for example, if I  
 3 wanted to put in a dog pond at my house, and I  
 4 came here to the Board to get an okay to do that,  
 5 what would happen? What would you say to me?  
 6 Probably, "You can't have that." Well, I can say  
 7 you're discriminating against animals and pets,  
 8 but, in essence, you aren't but you would be in  
 9 that case.  
 10 So anyway, what I'm saying is I guess here  
 11 as far as our situation there on Silver Glen Road,  
 12 we've been changed because of what these folks are  
 13 planning to do. If a lawsuit from them is their  
 14 way of introducing themselves to the community,  
 15 then what do we have to look forward to in the  
 16 future? Are they going to sue every time we don't  
 17 do something or do anything else that they  
 18 don't like?  
 19 I'm just saying that and I'm asking you to  
 20 please turn down their request. Thank you.  
 21 CHAIRWOMAN MELGIN: Thank you, Mr. Pelling.  
 22 (Applause.)  
 23 CHAIRWOMAN MELGIN: Mrs. Pelling, are you  
 24 speaking?

92

1 MRS. PELLING: Yes, I do want to say  
 2 something since -- we just recently had a young  
 3 man -- I was going to say young man but he's very  
 4 old. He's in his 80s and he's a neighbor of ours,  
 5 and he just broke his hip, and it took the  
 6 ambulance to get out there over about 20 minutes.  
 7 And I have atrial fib and Parkinson's, and when I  
 8 need to call the doctor, I sure would like -- or  
 9 when I need to call the ambulance -- which they  
 10 tell you, "Call an ambulance. Don't get in your  
 11 car because they treat you better at the emergency  
 12 room if you get an ambulance."  
 13 Anyway, so I would like you to also  
 14 consider those of us that are old. Thank you.  
 15 CHAIRWOMAN MELGIN: Thank you.  
 16 (Applause.)  
 17 CHAIRWOMAN MELGIN: Mike Tyrrell.  
 18 MR. TYRRELL: Thank you. If I can, I'd  
 19 like to distribute copies of this particular map  
 20 and I'll speak to it. There should be a copy  
 21 for each.  
 22 CHAIRWOMAN MELGIN: This is a natural  
 23 resources zoning map?  
 24 MR. TYRRELL: Correct, prepared for

Conducted on August 1, 2018

93

1 Campton Hills.  
 2 CHAIRWOMAN MELGIN: So a topographic map.  
 3 MR. TYRRELL: And it refers to in here --  
 4 by the way, let me get an introduction in here.  
 5 Again, it's Mike Tyrrell, 5N042 Forest Trials,  
 6 Campton Hills. Good evening and thank you so much  
 7 for letting us participate.  
 8 By way of introduction, I've been a  
 9 resident of nearly 35 years here in the community.  
 10 Those who know me, I've worn many hats. Today I'm  
 11 representing E3, Inc., a grassroots environmental  
 12 advocacy group organized and founded in 1989. I'm  
 13 here to speak to you about the Glenwood wastewater  
 14 treatment facility and the real potential for  
 15 environmental and health consequences that a drug  
 16 pharmaceutical operation will bring. You've heard  
 17 from others here, and I'm hoping to supplement  
 18 those comments.  
 19 Just by way of education, the wastewater  
 20 treatment site for those who don't know is what's  
 21 known as a slow-rate application treatment model  
 22 sometimes referred to as a Sheaffer Roland design.  
 23 What does that mean? The sewage generated on the  
 24 site is processed, filtered for particulates, and

94

1 the affluent is sprayed on the land on that site.  
 2 The concept by its nature may be environmentally  
 3 sound; I repeat may be. When used for its  
 4 intended design and permitted use, it may achieve  
 5 this goal.  
 6 The design process and chemistry are  
 7 designed to process human waste only. There is  
 8 nothing in the design standards which incorporate  
 9 treatment of industrial waste or for that matter  
 10 pharmaceutical waste. Pharmaceuticals are not  
 11 processed out or filtered out in the treatment  
 12 process.  
 13 In January 1994 I represented the E3 board  
 14 in Springfield at a roundtable meeting with the IEPA,  
 15 the Illinois Bureau of Water, various engineers,  
 16 and then State Senator Steve Rauschenberger. Up  
 17 until that time these land application systems were  
 18 loosely regulated both in design and operation.  
 19 The one at the Glenwood site predates any of those  
 20 regulations. It is currently grandfathered.  
 21 We have taken -- we were taken by the  
 22 number of LAS sites, land application sites,  
 23 around the country and hit with the environmental  
 24 radar. In the late '70s, Muskegon, Michigan,

95

1 which used the same designer of these systems  
 2 resulted in a large settlement with area residents  
 3 when they complained about odors and upper  
 4 respiratory issues. They won. It required that  
 5 Muskegon, Michigan, spend \$55 million in the 1970s  
 6 to redesign the system.  
 7 In 2007 Attorney General Lisa Madigan sued  
 8 the development known as Lakemoor out of Lake County  
 9 over complaints on the operation of their land  
 10 application system.  
 11 On a more local level, following three years  
 12 of reported violations and on initiative of the  
 13 IEPA, Lisa Madigan in 2010 filed suit against the  
 14 Wasco Sanitary District in our own community. The  
 15 suit made claims in which wastewater affluent was  
 16 discharging to Mill Creek, and the spray was  
 17 drifting across the road right-of-ways and hiking  
 18 paths in a nearby subdivision. The Wasco Sanitary  
 19 District paid a substantial fine to settle with  
 20 the Attorney General.  
 21 All were violations of their operational  
 22 permits. It's not the problem with the design in  
 23 a sense; it's operating outside the permits.  
 24 Glenwood is not designed -- there is not a

96

1 land application system in the state of Illinois  
 2 which is designed to filter, or treat, or process  
 3 pharmaceuticals.  
 4 Back to Glenwood, as mentioned, the design  
 5 of the land application system is based upon normal  
 6 biological human waste, period. Fact, the  
 7 processing of pharmaceutical waste was never  
 8 factored; I've already mentioned that.  
 9 This would be a first if Kane County adopted  
 10 this site. There is nothing in the IEPA permit  
 11 which even mentions regulations of pharmaceuticals,  
 12 and I only have one copy here but I do have a copy  
 13 of the permit issued by IEPA for the Glenwood site.  
 14 There is chlorine, and nitrogen, and BOD, and all  
 15 kinds of other chemicals. There's not a person in  
 16 this room, if I may brag, that knows more about land  
 17 applications than I do. I have been a follower of  
 18 what's going on with Wasco Sanitary for over  
 19 25 years and participated in bringing to the  
 20 attention of Ms. Madigan's office the Wasco  
 21 violations.  
 22 In fact, the IEPA does not make regular  
 23 visits or pull samples of its own for these  
 24 systems. They are site self-reporting. The only

Conducted on August 1, 2018

97

1 way the IEPA comes out is if there is a claim or a  
 2 violation that has been well documented. That's  
 3 the only way the IEPA comes out.  
 4 I say that with importance because keep in  
 5 mind it will be the Maxxam folks who report the  
 6 conditions of that wastewater treatment, not the  
 7 IEPA. It is a secure site. It is a site that's  
 8 governed under HIPAA. How does one as a concerned  
 9 citizen or one in knowledge ever get access to any  
 10 of the violations? It can't be done.  
 11 We've heard that the court is going to  
 12 take responsibility for full enforcement. We all  
 13 understand the restrictions on HIPAA. How do you  
 14 report that to court to get it done? It took  
 15 three years and a pressuring of the IEPA attorney  
 16 to take action. Had full access in Wasco, had  
 17 full access up in Lakemoor, but you don't have  
 18 access at Glenwood.  
 19 Pharmaceuticals do pass through the human  
 20 body and are excreted to the wastewater. Now,  
 21 please refer to the map. In the map I've  
 22 highlighted for you in the lower corner a copy of  
 23 the Glenwood site. If you'll notice the color  
 24 coding on there, there are two basic colors on

98

1 there. There's a pale green, and if you look at  
 2 the legend up in the right-hand side, it identifies  
 3 that green which encompasses the land application  
 4 site at this point as a fen recharge area. If  
 5 there's anyone on this panel who doesn't understand  
 6 the significance of a fen, please raise your hand.  
 7 They are significant groundwater recharge areas.  
 8 If you look to the south at the lower end  
 9 of the ring going around two-thirds of the site,  
 10 you'll see that it is a Zone A floodplain. These  
 11 are low water tables. Glenwood is grandfathered;  
 12 it is not conditioned by current standards in all  
 13 cases. This is a case where pharmaceuticals do  
 14 pass through the human body, they're processed  
 15 through the wastewater treatment plant, sprayed on  
 16 the land, and they wind up in the ground water.  
 17 It's a fact.  
 18 If there are issues here of public safety,  
 19 health, and welfare, this is one. This is a big  
 20 one. Please don't feel that it's going to go  
 21 away. We can't monitor at the site.  
 22 Number two, you heard testimony from the  
 23 Fox River Countryside fire rescue. There is no  
 24 way for the court to monitor their activities.

99

1 Health and safety are absolutely key in this. You  
 2 have the ability to protect the community, protect  
 3 its residents, and for that matter protect the  
 4 potential individuals who would be candidates and  
 5 clients of this.  
 6 It's not the right location; it's a  
 7 jeopardy to the community; it's a jeopardy to the  
 8 potential patients. This service is better suited  
 9 in close proximity to a hospital. What do all of  
 10 the other locations in Illinois know that is amiss  
 11 here with Maxxam?  
 12 Please vote no. Thank you.  
 13 (Applause.)  
 14 CHAIRWOMAN MELGIN: Thank you, Mr. Tyrrell.  
 15 Monica -- I can't read the rest of the  
 16 name. It starts with a G.  
 17 AUDIENCE MEMBER: Monica had to leave.  
 18 CHAIRWOMAN MELGIN: Oh, she had to leave?  
 19 Okay.  
 20 Paul Mar -- how do you pronounce your  
 21 last name?  
 22 MR. MARSCHINKE: Paul Marschinke,  
 23 6N766 Palomino Drive, 34-year resident at that  
 24 location. I am a retired municipal water manager

100

1 with a local municipality and very familiar with  
 2 groundwater, groundwater activities, and also  
 3 shallow aquifers.  
 4 When I drilled my well 34 years ago, my  
 5 neighbors were at 4-, 500 feet, pulled into the  
 6 dolomite formation. I, knowing the shallow sand  
 7 and gravel, finished in the glacial till. So I am  
 8 a direct resident looking at and I am very aware  
 9 of what happens with recharge areas and what can  
 10 happen downstream. In municipal settings we're  
 11 able to post signage that says, "In the event of a  
 12 spill, you must contact local authorities to  
 13 manage the spill and make sure the cleanup is done

 15 Not knowing what's going to happen at  
 16 Glenwood, I am very familiar with what happens  
 17 with pharmaceuticals in the groundwater supply.  
 18 I'm looking at multiple surface water communities  
 19 that are dealing with that issue right now because  
 20 there are no regulations regarding groundwater or  
 21 surface water contamination, groundwater under the  
 22 direct influence of surface water, either.  
 23 So at that point, without knowing where  
 24 we're going to be going in the future regarding

Do I                  11 have a motion for that?                  12 MEMBER LAKE: I move to allow the                  13 topographical map into evidence.                  14 CHAIRWOMAN MELGIN: Do I have a second?                  15 MEMBER FALK: I'll second.                  16 CHAIRWOMAN MELGIN: Move this in as                  17 Exhibit 7. It is the Natural Resources Evaluation                  18 Zone Data Map, Area 1.                  19 MEMBER LAKE: Yes. We do have to take                  20 a vote.                  21 CHAIRWOMAN MELGIN: Everyone in favor.                  22 (Ayes heard.)                  23 CHAIRWOMAN MELGIN: Against.                  24 (No response.)</p>	103	<p>1 it's a quick situation that needs remedy.                  2 Especially hearing that this group is not even                  3 certified to do it, that doesn't make any sense                  4 to me.                  5 So I want to thank you guys, but I would                  6 ask you guys, please protect this community and                  7 vote against this request. Thank you.                  8 (Applause.)                  9 CHAIRWOMAN MELGIN: Thank you, Mr. Barlow.                  10 Robert Peterson.                  11 MR. PETERSON: Good evening. Robert                  12 Peterson. I'm at 40W095 Carl Sandburg Road.                  13 What's new? What's changed? Well, we're                  14 here and it's almost 10:00, so that hasn't changed.                  15 I'm a little scared straight after listening to                  16 the mayor -- I live in Campton Hills -- after                  17 listening to our mayor talk about the stress on                  18 the police department, and then the fire                  19 department, that really scared me. So that has                  20 changed me, and I'm certainly going to tell my                  21 neighbors. And a lot of them -- and I told them I                  22 was going to come here, several by email. It                  23 probably just was happenstance, but it's amazing                  24 how this just fell on a date in the middle of the</p>
102	<p>1 CHAIRWOMAN MELGIN: Vote passes.                  2 (Exhibit 7 marked for identification.)                  3 CHAIRWOMAN MELGIN: Vince Barlow.                  4 MR. BARLOW: Vince Barlow, 41W650 McDonald                  5 Road.                  6 First of all, I've been at all the                  7 different hearings here, and I want to thank you                  8 guys for sitting through it all. I want to thank                  9 all my neighbors. We've come here before just                  10 passionate. This time you guys came prepared, and                  11 I'm really proud of how my neighbors came ready to                  12 really present some great facts.                  13 So I would just again -- I'm about less                  14 than 100 yards from this facility. I've worked at                  15 treatment centers. I understand what happens to                  16 people when they binge and they go to break into                  17 one -- they broke into a pharmacy and drink Sterno                  18 and aftershave. I know what desperate people do.                  19 I care about them, I deeply care about                  20 them, and I still work with people who are                  21 addicted. I would tell you this isn't the best                  22 place for them to be at a place where they're not                  23 near help that can get there closely. Because                  24 when they're bingeing and get ahold of something,</p>	104	<p>1 summer with two weeks that it was up on the                  2 website -- it wasn't even complete on the website.                  3 So if you look at the decree -- and I've had                  4 very little chance to read it, but they're going                  5 to use reasonable effort to pursue accreditation.                  6 Well, I'm using reasonable activity to                  7 reduce my weight, and it's not going as well. So                  8 yesterday was my anniversary, and somehow I blew                  9 into a Blizzard for the celebration.                  10 I guess what I'm saying is this decree is                  11 really -- well, we haven't been able to talk about                  12 it. We just saw it and counsel was just saying                  13 Federal, Federal. I was like -- let me jump --                  14 because I know we have three minutes. Let me just                  15 jump to the elephant in the room. You're asking                  16 to change our rules on how things are zoned. Why                  17 are we going to change that? That's important.                  18 And in the end -- and we have talked about                  19 this. We've been here for years. In fact, there                  20 were two Boy Scouts over here, and I walk in and I                  21 say, "You guys are here for citizenship for                  22 community merit badges." Yeah. My son has done                  23 all his requirements first on Kiva and then on                  24 this thing. He's come to all of -- not all of them.</p>

<p style="text-align: right;">105</p> <p>1 So the fence. Is the fence thermal, I                  2 read? Is the fence not a fence? Is the fence                  3 4 feet and somebody's dog could jump over it?                  4 How many facilities do we have in the                  5 state that run on septic? And that's the extent                  6 of my knowledge. We probably don't. At least                  7 what I was able to quickly look at we don't have                  8 facilities that run on septic in this state.                  9 How many facilities do we have in the                  10 state or in the country that are only served by                  11 two-lane roads, two-lane roads for the fire,                  12 two-lane roads for the police? It's a stretch.                  13 We're stretching.                  14 So the elephant to me is -- you know, it's                  15 a private pay. It's a \$1,000 a day we were told.                  16 I have a PhD in marketing; I teach marketing. No                  17 one is coming up to Campton Hills in February in                  18 Illinois if they can go to Florida, Malibu.                  19 So some of the things that have been said                  20 and claimed, I find it hard to believe. So the                  21 private pay is not enforceable as we know. ADA                  22 and the judges are not going to let us tell these                  23 people what to do once we have a change to our                  24 zoning.</p>	<p style="text-align: right;">107</p> <p>1 to sue you, and we have an agreement from some                  2 Federal judge." Which, again, when it comes to an                  3 ADA situation, we're not going to be able to tell                  4 these people what to do. Even if it's not, it's                  5 these gentlemen up here representing another client,                  6 you're not going to be able to say that we can't                  7 take these particular patients or we can't sell                  8 this facility right and treat other patients --                  9 excuse me -- other patients to different                  10 ownership.                  11 So there's a lot of people who couldn't be                  12 here, and I can tell you where they are. They're                  13 in Michigan; they're in California; they're in                  14 Florida -- I think that's too hot -- but they're                  15 not here because it's August 1st. So I would ask                  16 you guys after all this to say no, we should not                  17 change our zoning rules to accommodate someone.                  18 Thank you.                  19 CHAIRWOMAN MELGIN: Thank you.                  20 (Applause.)                  21 CHAIRWOMAN MELGIN: Darice -- if you can                  22 pronounce your last name for me.                  23 MS. TIRITILLI: Hi. It's Darice Tiritilli.                  24 I live at 42W976 Brierwood Lane, Campton Hills.</p>
<p style="text-align: right;">106</p> <p>1 Maintaining staff levels, I saw that. We                  2 can't tell them how to run their business. Again,                  3 HIPAA, ADA. The number of people, is it 75; is it                  4 96; is it 120? I saw those. Again, once they got                  5 what they want, they're not going to be able to                  6 listen to us. And then the permit I read was good                  7 for five years, and we'll renegotiate or see how                  8 to be a good corporate citizen. That's not going                  9 to happen, either. They're going to have every                  10 protection that is known.                  11 Do these people need help? Yes. Do these                  12 people need help in a different location? Probably.                  13 And that's what you're being asked to yet again --                  14 it's gotten kicked downstairs. What has changed?                  15 Well, our good friends have decided that they                  16 didn't like the outcome -- not necessarily the                  17 process, they didn't like the outcome so they sued                  18 us. That's not a good way -- as somebody else                  19 mentioned, that's not a good way to approach this.                  20 So for a host of reasons some of you heard,                  21 and this elephant in the room is we're not going                  22 to be able to control anything, I would like us                  23 not to change our zoning rules and just keep it --                  24 I haven't heard anything other than, "We're going</p>	<p style="text-align: right;">108</p> <p>1 Okay. I probably won't be as like interesting or                  2 eloquent as the people who have been up here                  3 talking.                  4 I do have a quick question, though. I                  5 didn't hear what they said they were going to pay                  6 in property taxes.                  7 AUDIENCE MEMBER: 330,000.                  8 MS. TIRITILLI: And that's for sure.                  9 AUDIENCE MEMBER: Go to the tax assessor's                  10 website.                  11 MS. TIRITILLI: Okay. I wasn't for sure.                  12 So anyway, I've lived in Campton Hills for 25 years,                  13 and this morning I was sitting on my patio, having                  14 my coffee, just looking around and thinking, boy,                  15 this is -- it's so serene, and peaceful, and                  16 wonderful where I live.                  17 And I don't have anything -- I am all                  18 about people who need help for alcoholism and drug                  19 addiction. I'm all about that but my main concern                  20 is this is not where this facility belongs. If                  21 you drive down the streets in our neighborhood,                  22 you'll see farms, and it's open, and I have deer                  23 coming through my back yard and that. I pay about                  24 \$10,000 in taxes a year. We don't go on vacation --</p>

<p style="text-align: right;">109</p> <p>1 well, we did; it was like once in 10 years.  2 My point is when I'm paying those \$10,000 a  3 year in taxes, there really is nothing other than  4 open land and serenity. It's worth it because  5 that's what I get.  6 That's my main concern is just keeping it  7 rural and how our community should be. And I  8 guess that's it.  9 CHAIRWOMAN MELGIN: Thank you.  10 (Applause.)  11 CHAIRWOMAN MELGIN: Okay. Just to give  12 everybody an idea on time here, we've got four more  13 speakers that have signed up. So I want to make  14 sure everybody gets a -- we might as well go  15 through the last couple speakers, and then we'll  16 take a recess, and we'll figure out where we're  17 going after that. But everybody that signed up, I  18 want to make sure they had a chance to speak.  19 Patti Anne -- I can't read your last name --  20 Patti Anne --  21 MS. ABEAR: It's Abear. Good luck.  22 My name is Patti Anne Abear. I live at  23 41W900 Hunters Ridge. I've been to all of these  24 meetings, and I want to thank you for being at yet</p>	<p style="text-align: right;">111</p> <p>1 Road up to Silver Glen, and then turning right  2 onto Silver Glen and then taking that into  3 Glenwood, it causes you to take a left to go into  4 Glenwood. There is no left-hand turning lane, and  5 it is a blind S-curve.  6 In the 20 years that I have lived there  7 there have been a multitude of accidents, a  8 multitude. I can tell you I know of two that were  9 fatalities. One was a young man on a motorcycle,  10 and one was a young man that was in a Jeep. And  11 that's concerning to me because if we're going to  12 have increased police, increased ambulances, people  13 panic when they see ambulances, and they panic  14 when they see police. There really isn't anywhere  15 to pull over safely to allow to emergency vehicles  16 through, and if you make a mistake on the S-curve,  17 you can have a terrible accident unintentionally.  18 So I wanted to bring that to your attention  19 because if you haven't driven that area, you don't  20 really understand how blind that S-curve can be as  21 you come around. There's no turn lane; it's just  22 not safe.  23 So I'm asking you for the public safety  24 and for the patients' safety. The patients are</p>
<p style="text-align: right;">110</p> <p>1 again another meeting, and I'd just like to make a  2 few comments.  3 At the beginning of today's meeting  4 Attorney Tabet had made some comments regarding  5 Maxxam's obligations and the fact that they're  6 enforceable, but we haven't really gotten  7 information as to how these things are enforceable.  8 We've talked about reasonable efforts getting  9 JACHO accreditation, but it seems as though we're  10 kind of at the same place we were a couple of  11 years ago talking about enforceability even though  12 we're at this consent place. So just some  13 questions around the enforceability, saying it's  14 enforceable without proving it's enforceable is a  15 question I have, and I'm sure some of my neighbors  16 do, as well.  17 We know based upon the testimony that the  18 fire department is understaffed, and they said  19 today about continued risk of delayed response  20 time, and it could reach dangerous levels.  21 I have lived right off of Silver Glen for  22 over 20 years, and right as you go into the  23 Glenwood School for Boys, using the route that  24 Fire Chief Nixon talked about, taking Burlington</p>	<p style="text-align: right;">112</p> <p>1 going to be coming and going in those ambulances,  2 as well. I'm not just talking about the people  3 that are sitting there; I'm talking about the  4 people that are going to be using that facility,  5 as well. Their safety is at risk, as well. It's  6 just not a safe place.  7 So thank you for giving me the opportunity  8 to speak this evening.  9 CHAIRWOMAN MELGIN: Thank you.  10 (Applause.)  11 CHAIRWOMAN MELGIN: I'm going to ask you to  12 please limit your sidebar conversations. Thank you.  13 Kathleen Smith.  14 MS. SMITH: I'm Kathleen Smith,  15 7N020 Brierwood Drive in Campton Hills. I live  16 just a block from the entrance to Glenwood.  17 I sent an email to all of you, and you  18 know my feelings as being a neighbor of the thing,  19 how I felt about -- you know, what we thought as  20 neighbors. But now I'm also concerned about the  21 patients there, the possible patients.  22 We've lived there since -- we bought the  23 property in 1972. So we've been there, you know,  24 in that area for a long time, and I think we have --</p>

113	<p>1 you have a responsibility to Kane County, but I</p> <p>2 think everybody has a responsibility to the</p> <p>3 possible patients there.</p> <p>4 If the ambulance is at our house or our</p> <p>5 neighborhood, they are not going to get it. They</p> <p>6 are going to be the ones waiting the extra time.</p> <p>7 They're saying 15, 20 minutes. That's to the</p> <p>8 hospital. That's not leaving the station, getting</p> <p>9 there, servicing the person, and getting them to</p> <p>10 the hospital. It will be even longer.</p> <p>11 Same with the fire -- or police. If they're</p> <p>12 being occupied somewhere else, they're not going</p> <p>13 to be able to make it there in time. So those too</p> <p>14 for the patients, that's what we have to think about.</p> <p>15 The distances from businesses. We're</p> <p>16 seeing a fence but I don't think they're going to</p> <p>17 be locked in. Those patients are going to be able</p> <p>18 to come and go as they please. They're not going</p> <p>19 to be locked in, and where are they going to go?</p> <p>20 There's not a store around there; there's not a</p> <p>21 restaurant. Unless you're driving -- which you're</p> <p>22 there because of alcohol; you're probably not --</p> <p>23 you're going to be stuck. There's nothing out</p> <p>24 there for them. Public transportation, they'd</p>	115	<p>1 CHAIRWOMAN MELGIN: Thank you.</p> <p>2 (Applause.)</p> <p>3 CHAIRWOMAN MELGIN: Maureen Zwier.</p> <p>4 MS. ZWIER: I'm Maureen Zwier, 41N660 Fox</p> <p>5 Bend Drive. I will be referencing two studies.</p> <p>6 First, the Screening Level of Pharmaceuticals in</p> <p>7 Septic Tanks, Groundwater, and Surface Water in</p> <p>8 Missoula, Montana, from the University of Montana</p> <p>9 2004. Second, a 2008 article from Montana State</p> <p>10 University based on several global studies. I do</p> <p>11 not have the copies of these articles or studies,</p> <p>12 but I can provide links to them if you need them.</p> <p>13 Both reference and state that</p> <p>14 pharmaceuticals used by humans are not broken down</p> <p>15 within their bodies. Per the University of Montana</p> <p>16 study, many pharmaceuticals are not filtered out</p> <p>17 through the septic process. This study also shows</p> <p>18 many pharmaceuticals do not end up in shallow</p> <p>19 aquifers -- I'm sorry -- this study shows</p> <p>20 pharmaceuticals do end up in shallow aquifers.</p> <p>21 Per the Montana State University study,</p> <p>22 the only process that removes all pharmaceuticals</p> <p>23 from septic systems, shallow aquifers, and</p> <p>24 drinking water is reverse osmosis. I do not know</p>
114	<p>1 have to call a taxi or something, but I don't know</p> <p>2 how many will have brought their own vehicles. So</p> <p>3 that's another thing to think about. These</p> <p>4 patients are going to be trapped there.</p> <p>5 Again, I'm thinking the way the news is</p> <p>6 going all you hear about is drug abuse and drug</p> <p>7 problems in the areas especially like the city but</p> <p>8 it's everywhere. I'm wondering if Maxxam is just</p> <p>9 jumping on the band wagon. I mean, if they charge</p> <p>10 1,000 a week, that's a \$6 million business. If</p> <p>11 they're charging \$1,000 a day, that's a \$43 million</p> <p>12 business.</p> <p>13 So I'm hoping they're just not jumping on</p> <p>14 the band wagon. They have no experience in</p> <p>15 operating a place like this, and I wouldn't go to</p> <p>16 a doctor that has never had any experience or a</p> <p>17 dentist, and these people have no experience in</p> <p>18 running a place like this.</p> <p>19 So I'm here now -- even though my email</p> <p>20 was about the neighbors, I'm here now thinking</p> <p>21 more about the patients there, how we have a</p> <p>22 responsibility as -- humanity to these patients.</p> <p>23 So that's another thing to consider.</p> <p>24 Thank you.</p>	116	<p>1 how many people that get their water from shallow</p> <p>2 aquifers in our area have reverse osmosis filters.</p> <p>3 No studies have measured the antipsychotics,</p> <p>4 the antidepressants, and the opioid antagonists</p> <p>5 that detox/rehab patients are prescribed. However,</p> <p>6 other pharmaceuticals have been measured, and</p> <p>7 according to the University of Montana paper, they</p> <p>8 are present in septic tanks of people taking the</p> <p>9 drugs. They are present in the shallow water</p> <p>10 aquifers, and they are present in the septic used,</p> <p>11 and they are only eliminated by reverse osmosis.</p> <p>12 The effect of these drugs is unclear and</p> <p>13 unproven. Studies are currently being done. I</p> <p>14 guess it depends on your conscience whether you</p> <p>15 wish to prevent this potential risk or if you</p> <p>16 choose to gamble with people's well-being.</p> <p>17 Thank you.</p> <p>18 CHAIRWOMAN MELGIN: Thank you.</p> <p>19 (Applause.)</p> <p>20 CHAIRWOMAN MELGIN: Jeff Zwier.</p> <p>21 MR. ZWIER. My name is Jeff Zwier,</p> <p>22 41N660 Fox Bend Drive in Campton Hills, Illinois,</p> <p>23 very close to the facility under discussion.</p> <p>24 Thank you for the opportunity to speak to</p>

Conducted on August 1, 2018

<p style="text-align: right;">117</p> <p>1 you again. We've been here before. Brought back.  2 I've talked to you in the past, and all of us over  3 here have talked in the past about how we believe  4 based on the evidence presented that the petitioner's  5 case, whether it's augmented by a side deal with  6 the fire department or with the consent decree  7 bullied through lawsuits does not satisfy the  8 six conditions that you, our trusted experts on  9 zoning, use to figure out should we do this.  10 We trust you as stewards of our community,  11 of our future, of our land. You're the ones that  12 were appointed, volunteered, did research, read a  13 heck of a lot of boring papers I'm sure to figure  14 out if the water going this way is going to screw  15 something up or a guy building something over here  16 is going to screw something up and say yes, no,  17 make this work in the public interest on those  18 six criteria.  19 You asked for new evidence. You got all  20 that stuff already. In the words of other people  21 who have been at this microphone I won't comment  22 on that but just refer you to the record.  23 The thing I'd like to ask you to consider  24 now is empathy. And it's not about keeping our</p>	<p style="text-align: right;">119</p> <p>1 right, you're in an area where the infrastructure  2 is sufficient to handle traffic from emergency  3 vehicles in consideration of public safety, not at  4 the end of a blind S-curve with nowhere to pull to  5 the side if an ambulance comes by.  6 In 1990 I was a student at the University  7 of Illinois, and we had a medical crisis in my  8 dormitory. That crisis was someone overdosing on  9 drugs. He did survive barely. The transit time  10 between my dormitory and where he was treated was  11 under eight minutes. It was up an unobstructed  12 two-lane road with one light to the nearest  13 hospital and he barely made it.  14 I'd like to ask you once again, vote your  15 expertise, vote your conscience, vote your empathy,  16 and do the job right. Thank you.  17 (Applause.)  18 CHAIRWOMAN MELGIN: Thank you, Mr. Zwier.  19 It's about 10 to 10:00 so I'm going to take a  20 recess, and we are going to confer on how to go  21 forward with this continuation. So 10 minutes.  22 (Recess taken, 9:49 p.m. to 10:02 p.m.)  23 CHAIRWOMAN MELGIN: All right. First, I  24 want to ask, was there anybody that wanted to give</p>
<p style="text-align: right;">118</p> <p>1 pastoral lifestyle; it's not about whether or not  2 our health might be threatened in 30 years or in  3 50 years when a child gets sick and it's from the  4 groundwater coming out of the well a few hundred  5 yards away from this facility from some unknown  6 substance, and there's really no one around left  7 to sue at that point really because things could  8 have changed hands since then. I'd like you to  9 have some empathy for the patients of this  10 facility.  11 Based on evidence presented by the people  12 sitting here, the owner of this initiative is a  13 third-generation luxury real estate developer.  14 Personally, if I needed a hangnail taken care of,  15 that's not the expertise I'd be seeking out for  16 treatment, let alone if I was an addict who is  17 struggling with addiction of any kind. It's not  18 about "Not in My Back Yard"; it's about doing the  19 job right.  20 There's a lot of evidence that says in the  21 State of Illinois that if you do the job right  22 you're collocated with a hospital; you're not  23 20 minutes away from the nearest hospital. There's  24 a lot of evidence if you're going to do the job</p>	<p style="text-align: right;">120</p> <p>1 a statement that wasn't able to?  2 AUDIENCE MEMBER: I would like to.  3 CHAIRWOMAN MELGIN: All right. Come on up.  4 MS. FREDa: My name is Ellen Freda. I live  5 at 41W670 Barberry Lane, and I've spoken many times.  6 I didn't want to speak tonight because when  7 I read the newspaper article about the lawsuit, I  8 was quoted, and it was a quote that kind of made  9 us all look like idiots, something about the  10 paparazzi, and that's not what I meant.  11 We've discussed this it is over 20 times I  12 think. We've had meetings where all of our time  13 has been spent here trying to be respectful,  14 trying to be passionate and it's been turned down.  15 It was kicked back and it was turned down again.  16 The reasons are still the same why it should be  17 turned down.  18 Mr. Marco, the thing that struck me is  19 this man says he's so caring, and he wants to help  20 people, and we really do have a need for these  21 places. So instead it's been brought up that  22 they're better suited to be on a four-lane road to  23 get the ambulances and more suitable to be near a  24 hospital. Does he go and buy land by a hospital</p>

<p style="text-align: right;">121</p> <p>1 and build a facility that'll be state of the art?  2 No. What he does is threaten a lawsuit to sue the  3 heck out of this county, and we in this room feel  4 bullied. We all feel bullied. We have been here,  5 and been here, and been here. Nothing has changed.  6 This is going to hurt us. It's going to  7 hurt our property values; it's going to hurt our  8 groundwater, our safety with all the things I've  9 heard tonight, and I'm telling you I've had it. I  10 am fed up.  11 Thank you.  12 (Applause.)  13 CHAIRWOMAN MELGIN: Thank you, Ellen.  14 Is there anyone else that wants to provide  15 a comment?  16 MEMBER FALK: The gentleman in the back.  17 CHAIRWOMAN MELGIN: Okay.  18 MR. WAGNER: You didn't get my name; sorry  19 about that. My name is Bob Wagner, and I live at  20 39W507 Kevin Court in St. Charles. The back of my  21 property faces Silver Glen Road.  22 AUDIENCE MEMBER: I can't hear you.  23 MR. WAGNER: Better? How is that?  24 Bob Wagner St. Charles, Campton Hills</p>	<p style="text-align: right;">123</p> <p>1 Here's the other thing that I've been  2 wondering about. As I was looking at this on the  3 last go-around I spoke to our representative Barb  4 and asked her if she needed any help, if there were  5 any things I could do, phone calls, talk to the  6 Board members before it went to the Board, and I  7 discovered that Kane County is really two counties  8 in a way. There's the rural side that is west of  9 Randall, and then there's the city side that's  10 east of Randall, and it basically follows the Fox.  11 I think you need to think about where you  12 live relative to this. I think it would be worth  13 your while to drive out there and take a look at it  14 if you haven't already. Those are my suggestions.  15 It's rural. It's not city yet. It's slowly being  16 sucked up into the city but it's not city yet.  17 We're still on well and septic out there.  18 What else can I tell you? Do the right  19 thing. I know you will do the right thing. It's  20 not about lawsuits. Don't be intimidated by the  21 threat of a lawsuit. That's BS.  22 Thank you for your time.  23 CHAIRWOMAN MELGIN: Thank you, Mr. Wagner.  24 (Applause.)</p>
<p style="text-align: right;">122</p> <p>1 strictly speaking.  2 So what's different here? Same lawyers,  3 same story -- different lawyers, though, now.  4 Different lawyers so that's something, but it's  5 still the same story. "Hey, we're going to have a  6 fence now, a 4-footer. That will do it." Doesn't  7 seem to me that's the answer.  8 You know, if I were sitting in your shoes,  9 I'd want my client to prepare a hell of a proposal,  10 something that people could sink their teeth into  11 and say, "You know, this is a good idea. This  12 really makes sense for the community."  13 You haven't done that. That's the problem.  14 You're trying to sell something that nobody wants  15 to buy. Am I wrong? You know, it's common sense,  16 fellas.  17 Here's the thing. I've heard about the  18 lawsuit. I don't know all the details, but I have  19 personally been involved in a lawsuit, and I guess  20 my feelings are, so sue me. If you think you've  21 got that good a case, try it. Let's see what  22 happens. I have no problem with that, and I think  23 you folks, if I were sitting in your shoes, I'd  24 say the same thing, too, the hell with you.</p>	<p style="text-align: right;">124</p> <p>1 CHAIRWOMAN MELGIN: What I'm asking the  2 staff is if staff could forward us the agreement  3 with the fire district, and the Board will review  4 that and consider it's possible to be put into the  5 record after we've had a chance to review it.  6 And what was the other thing? It's  7 getting late. Now I've forgotten my third thing.  8 But I'm going to have a motion to continue  9 this public meeting to next Tuesday, August 7th.  10 MEMBER LAKE: Motion to do so.  11 MEMBER ARIS: I'll second.  12 MR. BLECKER: The continuance is fine but  13 next Tuesday is National Night Out, and many, many  14 people -- Kane County Sheriff's Department has a  15 big National Night Out; Campton Hills has a  16 National Night Out where people are going to be in  17 their communities. I think continuing it until  18 next Tuesday is not in favor of the people that  19 are here tonight.  20 We all want to be here at the next meeting,  21 and if you schedule it for something when we have  22 another extremely important event going on all over  23 the county, it is disrespectful to these people.  24 CHAIRWOMAN MELGIN: That certainly wasn't</p>

Conducted on August 1, 2018

125	<p>1 the intent. I mean, we have some restrictions</p> <p>2 here on the Board and when the Board members are</p> <p>3 going to be available for a Board hearing, and one</p> <p>4 of the reasons to put it off for a week was to</p> <p>5 allow people to look at exhibits, potentially</p> <p>6 provide written comments -- that was the other</p> <p>7 thing -- to the Board via County staff on the</p> <p>8 exhibits of the consent decree that weren't on the</p> <p>9 website.</p> <p>10 So it was just giving a little bit more</p> <p>11 time for the information.</p> <p>12 MR. BLECKER: I have no problem with</p> <p>13 putting it off. But pick another day, make it</p> <p>14 two weeks -- make it two weeks from tonight.</p> <p>15 MEMBER ARIS: We won't have a quorum past</p> <p>16 that date.</p> <p>17 MR. BLECKER: What about Monday?</p> <p>18 MEMBER ARIS: We can do it tomorrow.</p> <p>19 (Simultaneous speaking.)</p> <p>20 THE COURT REPORTER: I can only take one</p> <p>21 at a time.</p> <p>22 MR. SHEPRO: No disrespect to the comments</p> <p>23 of others and recognizing the importance of</p> <p>24 National Night Out, it appears that Tuesday night</p>	127	<p>1 CHAIRWOMAN MELGIN: Mr. Wagner.</p> <p>2 MR. WAGNER: What are you hoping to</p> <p>3 accomplish?</p> <p>4 CHAIRWOMAN MELGIN: We will deliberate.</p> <p>5 If there's other people that want to provide</p> <p>6 comments, we would allow public comment -- that's</p> <p>7 the purpose of this hearing -- and then we would</p> <p>8 deliberate.</p> <p>9 AUDIENCE MEMBER: If the next meeting</p> <p>10 you're going to vote, in order to not violate the</p> <p>11 Open Meetings Act you cannot have it tomorrow</p> <p>12 because you have to post it 48 hours in advance.</p> <p>13 MR. LULVES: That would be incorrect.</p> <p>14 It's a continuation.</p> <p>15 MEMBER ARIS: So it's not a violation of</p> <p>16 the Open Meetings --</p> <p>17 AUDIENCE MEMBER: But if it's a</p> <p>18 continuation of tonight's agenda, you don't have</p> <p>19 voting on tonight's agenda. So you cannot vote</p> <p>20 tonight because it's not on the agenda that you're</p> <p>21 voting.</p> <p>22 CHAIRWOMAN MELGIN: I don't think that's</p> <p>23 correct.</p> <p>24 But do we have a motion to have this</p>
126	<p>1 is convenient for those who were not able to be</p> <p>2 here tonight, and I would respectfully request</p> <p>3 that that date be chosen.</p> <p>4 MEMBER LAKE: You're requesting August 7th?</p> <p>5 MR. SHEPRO: As made in the motion.</p> <p>6 MR. LAUZEN: We're checking right now on</p> <p>7 the Night Out. I recognize how important it is,</p> <p>8 but we've gone through 20, 25 meetings, and we</p> <p>9 appreciate your patience, but I really appreciate</p> <p>10 the hundreds of people that come to these meetings.</p> <p>11 I understand that you want time to consider</p> <p>12 it. We're checking right now if the night out</p> <p>13 isn't from 5:00 to 7:00. I remember it being in</p> <p>14 the early evening.</p> <p>15 AUDIENCE MEMBER: 6:00 to 8:00.</p> <p>16 MR. LAUZEN: Well, I think there's many</p> <p>17 important things going on. If it's tomorrow night,</p> <p>18 first, they have less than a day to consider it.</p> <p>19 It's also that the people that were not able to be</p> <p>20 here today. If they're out of state, they're not</p> <p>21 going to be here tomorrow. So I would suggest</p> <p>22 that this is worth six days' wait.</p> <p>23 MEMBER LAKE: We appreciate the input,</p> <p>24 thank you.</p>	128	<p>1 meeting continued on Tuesday, August 7th?</p> <p>2 MEMBER LAKE: I stand by my motion.</p> <p>3 MEMBER FALK: Could we do a later start?</p> <p>4 CHAIRWOMAN MELGIN: 7:30?</p> <p>5 MEMBER ARIS: So, Mary, can you amend your</p> <p>6 motion?</p> <p>7 MEMBER LAKE: I motion that we have a</p> <p>8 continuance of this meeting on Tuesday, August 7th,</p> <p>9 beginning time of 7:30 to give the public an</p> <p>10 opportunity who missed tonight's meeting to have</p> <p>11 their turn to be able to speak and go from there.</p> <p>12 MEMBER ARIS: I'll second.</p> <p>13 CHAIRWOMAN MELGIN: All those in favor.</p> <p>14 (Ayes heard.)</p> <p>15 CHAIRWOMAN MELGIN: Okay. The meeting</p> <p>16 will continue next Tuesday at 7:30, August 7th.</p> <p>17 Do I have a motion to adjourn?</p> <p>18 MEMBER ARIS: I'll move we adjourn.</p> <p>19 (Off the record at 10:15 p.m.)</p> <p>20</p> <p>21</p> <p>22</p> <p>23</p> <p>24</p>
