

Petition to OPPOSE ZONING CHANGE

The owners of the property at 38W120 Hopps Road have requested to be rezoned in order to operate a business at this location. The adjacent areas are predominantly forest preserve and residential. We would like this request to be denied.

We, the undersigned, are concerned citizens with residence in the nearby area of 38W120 Hopps Road, Elgin, IL 60124 who urge our leaders to refuse any request for a zoning change to this property.
