Five Year Interim Special Use request for a tower construction company

Special Information: The petitioner is the property owner of the property which is the subject of the petition. The property is currently in violation for having business activities on the site. In order to utilize unused portions of his property and bring the property into compliance, the petitioner is requesting a five-year Interim Special Use. The Interim Special Use would allow him trucks, tools and parts and scrap parts of towers. The majority of equipment would be kept within the building. No modifications to the property would be made for this request.

Analysis: The Kane County 2040 Land Resource Management Plan designates this area as Agriculture. The Interim Special Use within the F District allows property owners to utilize land and buildings that would otherwise remain unused or vacant.

Recommended Stipulations:

1. The owner shall maintain the existing privacy fence located along the East property line.

Staff recommended Finding of Facts:

1. The Interim Special Use will bring the property into compliance.

Findings of Fact Sheet – Rezoning

- The Kane County Zoning Board is required to make findings of fact when considering a rezoning. (map amendment)
- You should “make your case” by explaining specifically how your proposed rezoning relates to each of the following factors.

Eddie Finley
Name of Development/Applicant

4/28/17
Date

1. How does your proposed use relate to the existing uses of property within the general area of the property in question?

The Property will remain the same.

2. What are the zoning classifications of properties in the general area of the property in question?

Agriculture

3. How does the suitability of the property in question relate to the uses permitted under the existing zoning classification?

The zoning classification will remain the same. No buildings or structures will be added to the property. Only steel materials will be stored on a temporary basis.

4. What is the trend of development, if any, in the general area of the property in question?

The area around the property is farmland. Agriculture

5. How does the projected use of the property, relate to the Kane County 2030 Land Use Plan?

The special use permit is for usage of the land for storing steel materials on a temporary basis. We are not changing the development of the property in any way.

Special Use Request

4/28/17
Date

- The Kane County Zoning Board is required to make findings of fact when considering a special use.
- Special Uses shall be considered at a public hearing before the Zoning Board of Appeals. In its report of findings of facts, recommendations shall be made to the County Board following the public hearing. The Zoning Board **will not** recommend a special use **unless** the following items are addressed:

6. Explain how the establishment, maintenance or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The materials that will be stored on our property are in no way a danger to the public. We will be storing non-chemical materials that have no negative effect on the environment. We will be storing steel pipes and tower sections.

7. Explain how the special use will not be injurious to the use, enjoyment and value of other property in the immediate vicinity.

Stored materials will be in an isolated area near the middle of the 5 acre property out of the way of others on the property.

8. Explain how the special use will not impede the normal, orderly development and improvement of the surrounding property.

The property is fenced off and the materials stored here will not go outside the bounds of property fencing.

9. Will adequate utility, access roads, drainage and other necessary facilities be provided? Please explain:

Adequate utility, access roads, drainage and other necessary facilities are provided and have been provided. The special use permit being requested will not effect this.

10. Will adequate measures be provided for ingress and egress so designed to minimize the traffic and congestion? Please explain:

The materials being stored will not block traffic flow in any way. Access to and from the property will remain the same.

11. Will the special use conform to the regulations of the district in which it is located? Please explain:

Yes, we will only be storing materials for a transition period of 1 month or less.
