FINDINGS OF FACT SHEET – REZONING

• The Kane County Zoning Board is required to make findings of fact when considering a rezoning (map amendment)
• You should “make your case” by explaining specifically how your proposed rezoning relates to each of the following factors.

Stephan Lammel  ........................................ April 16, 2021
Applicant  ............................................... Date

1. How does your proposed use relate to the existing uses of property within the general area of the property in question?

Applicant proposes the property be used as a single family residence. The property is surrounded by existing single family residences on all sides, as well as several vacant parcels. The proposed use is consistent with the surrounding uses.

2. What are the zoning classifications of properties in the general area of the property in question?

The zoning classifications in the general area of the property include F District Farming zoning for the unincorporated parcels and R0 Single Family Residential and R1-L Single Family Low Density Residential for the properties within the Batavia City limits.

3. How does the suitability of the property in question relate to the uses permitted under the existing zoning classification?

The property is not well-suited for farming as it is approximately 2.23 acres, is located in a single family residential neighborhood, and is surrounded on all sides by single family homes. The property cannot be improved with a single family residence without the requested rezoning.

4. What is the trend of development, if any, in the general area of the property in question?

The property is located within an established residential neighborhood.

5. How does the projected use of the property, relate to the Kane County 2040 Land Use Plan?

The Kane County 2040 Land Use Plan identifies the property as Urban Residential / Mixed Use Infill. The applicant’s proposed residential use conforms with the 2040 Land Use Plan.

Rezoning from F-District Farming to R-1 District One Family Residential

Special Information: The petitioner is seeking a rezoning to allow a single family home to be built on the northeast portion of the property. The petitioner has entered into a pre-annexation agreement with the City of Batavia to convert the permit to the City and connect to the City sewer for the first home.

Analysis: The Kane County 2040 Land Use Plan designates this area as Urban Neighborhood / Mixed Use Infill. The purpose of this designation is to protect and improve existing residential neighborhoods and identify opportunities for the creation of additional livable, sustainable, and healthy neighborhoods and communities.

Findings of Fact:
1. The rezoning would allow one single family to be constructed on the property.

ANNEXATION AGREEMENT
BETWEEN THE CITY OF BATAVIA
AND STEPHAN JOSEF LAMMEL

NOW COMES STEPHAN JOSEF LAMMEL, the current owner of certain real property described in the attached Exhibit "A", hereafter referred to as the "Property" located in the 400 Block of Evergreen Drive, Batavia, IL 60510, PIN 12-21-426-040, hereinafter referred to as the "Owner" and the City of Batavia, an Illinois Municipality hereinafter referred to as the "City", who do hereby enter into this Annexation Agreement hereinafter referred to as the "Agreement" as follows:

WHEREAS, each party agrees that it is in the best interest of Owner and the City to annex the Property described in the attached Exhibit "A," at a time described herein; and,

WHEREAS, the Property is an approximately 2.23 acre site currently vacant and not presently located within the corporate limits of any municipality, but is contiguous to and may be annexed to the City of Batavia as provided Article 7 of the Illinois Municipal Code; and,

WHEREAS, all other and further notices, publications, procedures, public hearings and other matters attendant to the consideration and approval of this Agreement have been given, made, held and performed by the City as required by Section 11-15.1-1 et seq. of the Illinois Municipal Code, and all other applicable statutes, and all applicable ordinances, regulations and procedures of the City. This Agreement is made and entered into by the parties pursuant to the provisions of Section 11-15.1-1 et seq. of the Illinois Municipal Code; and,

WHEREAS, the corporate authorities have duly considered all necessary petitions to enter into this Agreement, and have further duly considered the terms and provisions of the Agreement and have, by an ordinance duly adopted by a vote of two-thirds (2/3) of the Corporate Authorities then holding office, authorized the Mayor to execute, and the City Clerk to attest, this Agreement on behalf of the City.

NOW THEREFORE, the parties agree as follows:

1. Upon approval of this Agreement, City agrees to allow connection to the existing sanitary sewer system for one (1) single family residence. Said approval shall be subject to all connection and permitting fees per City Code. Said connection shall be allowed for one (1) residence and annexation shall not be required prior to construction of said residence. Said residence shall conform to the R-1L standards for future lot area and setbacks.

2. Upon further development or redevelopment of the Property, the Owner shall petition to annex the Property, including the single family residence referenced herein, to the City of Batavia. Said signed petition shall be submitted as a part of this Agreement. This Agreement and the petition to annex shall run with the land and no further petitioning shall be required by the Owner
or any subsequent purchasers of the Property, in whole or in part. The City may act upon and annex the property at any time at its discretion subject to the terms if this Agreement.

3. Prior to further development of the property beyond the one (1) single family residence, this Agreement shall be amended to address conditions of development approval including dedication of land for an extension of Evergreen Drive through the property from its current terminus to the south end of the Property, including roadway and utility construction, subdivision requirements, posting of surety and payment of development and impact fees. Upon development of the Property, all typical development fees shall be applicable. City Fire and Public Works Capital fees shall be payable for the first house upon annexation. These include but are not necessarily limited to school and park land-cash fees, and fire and public works capital impact fees. No additional development of the Property shall occur unless and until the Property is annexed into the City of Batavia. Owner and City agree that while Owner shall be required to provide the full dedication of land for an extension of Evergreen Drive at the time of annexation, construction of the roadway improvements shall only be required to extend to the location of the subsequent homes as they are constructed.

4. If additional portions of the property are subdivided and/or developed, the Owner shall extend the City’s water, sewer and electric utilities to service the Property as directed by the City. Upon extension of the utilities, Owner shall connect the residences, if constructed, to the water and electric utilities at owner’s cost.

5. Owner and City recognize that the Property is in an area that is generally surrounded by the City limits of Batavia and could be subject to annexation pursuant to 65 ILCS 5/7-1-13 of the Illinois Municipal Code. If the City does annex the Property in such manner or any other manner allowed by Statute, this Agreement shall remain in force and the property shall be subject to all City regulations except where modified herein. The City agrees to recognize and accept a building permit issued by Kane County for the first single family residence herein referenced, and will assume the inspections and issuance of a certificate of occupancy if the annexation takes place prior to completion of construction. The City will initially zone the Property in the R0 Zoning District, but upon further development will allow for an R-1L Low Density Single Family District on this Property or any other zoning district as requested by Owner and approved by the City Council. Such zoning district shall survive this Agreement.

6. The Owner and City acknowledge that this Agreement is entered into for the Property as it currently exists in a “pre-development” status. At the time development is proposed for the property (except for the first single family residence herein referenced), Owner and City will amend this Agreement to more specifically address the development conditions to be considered at that time.

7. This Agreement shall be binding upon the parties and their respective successors and assigns for twenty (20) years, commencing as of the date hereof, and for such further term as may hereinafter be agreed to between Owner and City and authorized by statute, and by City Ordinance. If any of the terms of this Agreement, or the annexation or zoning of the property, is challenged in any Court proceeding, then, to the extent permitted by law, the period of time during which such litigation is pending shall not be included in calculating said twenty (20) year period. The expiration of the term of this Agreement shall not affect the continuing validity of the zoning of the Property or any ordinance enacted by the City pursuant to this Agreement.
8. **Force Majeure.** The occurrence of an event which materially interferes with the ability of a party to perform its obligations or duties hereunder which is not within the reasonable control of the party affected, not due to malfeasance, and which could not with the exercise of due diligence have been avoided ("Force Majeure"), including, but not limited to, fire, accident, labor difficulty, strike, riot, civil commotion, act of God, delay or errors by shipping companies or change in Law shall not excuse such party from the performance of its obligations or duties under this Agreement, but shall merely suspend such performance during the continuation of Force Majeure. The party prevented from performing its obligations or duties because of Force Majeure shall promptly notify the other party hereto of the occurrence and particulars of such Force Majeure and shall provide the other party, from time to time, with its best estimate of the duration of such Force Majeure and with notice of the termination thereof. The party so affected shall use its best efforts to avoid or remove such causes of nonperformance. Upon termination of Force Majeure, the performance of any suspended obligation or duty shall promptly recommence. Neither party shall be liable to the other party for any direct, indirect, consequential, incidental, special, punitive or exemplary damages arising out of or relating to the suspension or termination of any of its obligations or duties under this Annexation Agreement by reason of the occurrence of Force Majeure.

9. **Notices.** Any notice required or permitted by the provision of this Agreement shall be in writing and sent by certified mail, return receipt requested, or personally delivered, to the parties at the following addresses, or at such other addresses as the parties may, by notice, designate:

If to the City: Laura Newman, City Administrator
