RE: Widening of road on Brookwood Lane from Rt. 25 in St. Charles Township

Dear Keith:

After talking to you and John Thornhill I have decided that additional footage to Brookwood Lane on the south side of road would be needed for traffic. The road is too narrow to handle any additional traffic at this time.

The road should be asphalted as well as a good base. There may also be trees that will have to be removed.

The additional widening should start at Route 25 west to just after the first residential driveway.

The total road with widening would be 22 feet.

If you have any questions, please feel free to contact me.

Yours truly,

Steve Frohling
Highway Commissioner
