Authorization of Interfund Loan to Finance Payroll Funding Shortfall

### Summary:

One of the final steps taken by the Treasurer's Office before processing payroll is to make sure there is sufficient cash in each of the funds from which the pending payroll is about to be funded. In the event there is insufficient cash on hand in any special revenue fund due to a delay in the receipt of expected revenue, a temporary loan from the General Fund to the special revenue fund is authorized in an amount sufficient to cover the anticipated cash shortfall related to the pending payroll. The interfund loan from the General Fund must be repaid by the special revenue fund immediately upon receipt of the expected revenue.

STATE OF ILLINOIS

COUNTY OF KANE

RESOLUTION NO. 19 - 44

**AUTHORIZATION OF INTERFUND LOAN TO FINANCE PAYROLL FUNDING SHORTFALL**

WHEREAS, the Illinois “Wage Payment and Collection Act” 820 ILCS 115/4 requires that “all wages earned by any employee during a semi-monthly or bi-weekly pay period shall be paid to such employee not later than 13 days after the end of the pay period in which such wages were earned”; and

WHEREAS, the normal paycheck date in the County’s payroll cycle is scheduled on the thirteenth day after the end of the pay period and therefore any further delay in payment would result in violation of the “Wage Payment and Collection Act”; and

WHEREAS, one or more delays in the receipt of expected revenue may result in a cash balance insufficient to fund a pending payroll in one or more of the County’s special revenue funds; and

WHEREAS, there is normally cash on hand available in the General Fund sufficient to finance an anticipated cash shortfall in the County’s special revenue fund(s) related to funding a pending payroll.

NOW, THEREFORE, BE IT RESOLVED by the Kane County Board that temporary interfund loan(s) between the General Fund and the County’s special revenue fund(s) are hereby authorized to finance an anticipated funding shortfall of a pending payroll; and

NOW, THEREFORE, BE IT FURTHER RESOLVED that the interfund loan(s) are to be repaid immediately by the special revenue fund(s) to the General Fund when the delayed revenue is received by the special revenue fund(s).

Requesting IMRF to Restore its Assumed Rate of Return to 7.5%

**Contact:** Joseph Onzick, 630.208.5113

### Budget Information:

If not budgeted, explain funding source:	

### Summary:

On December 14, 2018 the IMRF Board of Trustees voted to decrease their performance standard on investments by lowering their assumed rate of return from 7.5% to 7.25%, resulting in the necessity of the County and its taxpayers to pay over \$1 million more annually to make up the difference. Since over a 20 year period IMRF's average return on investments has not been lower than 8% regardless of how low the interest rates may have been in a given year, a performance standard of 7.5% is well within the range of IMRF's 20 year average return on investments. Therefore, the County is requesting that the IMRF Board of Trustees reconsiders its vote and restores their assumed rate of return to 7.5%.

RESOLUTION NO. 19 - 45

**REQUESTING IMRF TO RESTORE ITS ASSUMED RATE OF RETURN TO 7.5%**

WHEREAS, on December 14, 2018 the Board of Trustees of the Illinois Municipal Retirement Fund (IMRF) voted to decrease their performance standard on investments by lowering their assumed rate of return from 7.5% to 7.25%, resulting in the necessity of taxpayers to pay over \$1 million more annually to make up the difference; and

WHEREAS, over a 20 year period IMRF's average return on investments has not been lower than 8% regardless of how low the interest rate may have been in any given year; and

WHEREAS, a performance standard of 7.5% is therefore well within the range of IMRF's 20 year average return on investments;

NOW, THEREFORE, BE IT RESOLVED by the Kane County Board that the Board of Trustees of the Illinois Municipal Retirement Fund are hereby requested to reconsider its vote on lowering their investment performance standard from 7.5% to 7.25% and to restore its assumed rate of return to 7.5%.

### Ordinance No. 19 - 46

Amending the Kane County Procurement Ordinance - Section 2-216 of the Kane County Code: Professional Services Selection Process

**Committee Flow:** Finance and Budget Committee, Executive Committee, County Board

**Contact:** Joseph Onzick, 630.208.5113

### Budget Information:

### Summary:

When additional licenses, software integrations, software development, software maintenance, database maintenance, software support services, database support services, and computer hardware support services are needed, and due to their proprietary nature can only be provided by the vendor who was selected to provide such items as a result of a competitive procurement process, it is unnecessary to seek competitive proposals for such services since no competition exists. Yet we have had to waste time and effort into issuing RFP's/bids for such services in order to comply with the County's Purchasing Ordinance. Since the requirements of the County Purchasing Ordinance are governed by State Statute, an exception to the Purchasing Ordinance may only be made if provision for such an exception can be found in the State Statutes. Fortunately, the provision for such an exception was found in 50 ILCS 5/5-1022(c), as well as an exception for the purchase of used computer equipment. This Ordinance amends the Purchasing Ordinance to incorporate the language of the exception found in this State Statute into the County's Purchasing Ordinance. Once amended, RFP's/bids will no longer be needed when procuring the proprietary computer services listed above.

STATE OF ILLINOIS

COUNTY OF KANE

ORDINANCE NO. 19 - 46

**AMENDING THE KANE COUNTY PROCUREMENT ORDINANCE - SECTION 2-216 OF THE  
KANE COUNTY CODE: PROFESSIONAL SERVICES SELECTION PROCESS**

WHEREAS, the Kane County Procurement Ordinance 17-248 passed September 12, 2017 and referenced in Section 2-216 of the Kane County Code should be amended to reflect transactions which are not suitable to competitive bidding; and

WHEREAS, the Information Technologies Department purchases computer software, computer hardware, and database systems that have been competitively purchased pursuant to 55 ILCS 5/5-1022 under a competitive bidding process; and

WHEREAS, 55 ILCS 5/5-1022(c) of the Counties Code notes that competitive bidding “does not apply to contracts by a county with the federal government or to purchases of used equipment, purchases at auction or similar transactions which by their very nature are not suitable to competitive bids, pursuant to an ordinance adopted by the county board”; and

WHEREAS, from time to time said systems require additional licenses, software integrations, software development, software maintenance, database maintenance, software support services, database support services, and computer hardware support services that due to their proprietary nature can only be provided by the vendor who was selected during the competitive procurement process; and

WHEREAS, from time to time the Information Technologies Department also purchases used equipment that has not reached end of life.

NOW, THEREFORE, BE IT ORDAINED by the Kane County Board that Kane County Procurement Ordinance 17-248 passed September 12, 2017 and reflected in Section 2-216 of the Kane County Code be amended by renaming subsection “E. Sole Source Procurement” to “F. Sole Source Procurement”, and by inserting the following subsection between subsections “D. Legal Services” and “F. Sole Source Procurement”:

**“E. Procedures for Purchase of Items Not Suitable for Competitive Bid, 50 ILCS 5/5-1022(c)**

The purchase of used computer hardware, used computer hardware maintenance, and used computer hardware support services shall not be required to be competitively procured. Purchases over \$30,000 must be authorized for purchase by the County Board.

The purchase of computer software, computer hardware, and computer databases that have been competitively procured and that require additional proprietary licensing, software integrations, software development, software maintenance, computer hardware maintenance, database maintenance, software support services, database support services and computer hardware support services are not suitable for competitive procurement and may be authorized for purchase. Purchases over \$30,000 must be authorized by the County Board.”

**Contact:** Tom Rickert, (630) 406-7305

### Budget Information:

Was this item budgeted? N/A	Appropriation Amount: N/A
If not budgeted, explain funding source: N/A	

### Summary:

Attached is an intergovernmental agreement with IDOT that will provide for Federal reimbursement towards a portion of the Fabyan, Hughes, Randall and Orchard Road safety improvement project. Highway Safety Improvement Program (HSIP) funds will provide an estimated \$4,035,011 (77%) of the estimated \$5,249,345.00 total amount. The local (County) match is estimated to be \$1,214,334 (23%). Staff recommends that a 25% contingency (\$303,583.50) be added for a total estimated local share of \$1,517,917.50. This replaces a previous County Board resolution from May 2018 due to a project cost increase requiring additional local funds.

This second stage of Safety and Flashing Yellow HSIP Intersection Improvements will modernize 32 intersections and improve signage starting at the intersection of Orchard Road and Jericho Road and moving north, along portions of Randall Road, Fabyan Parkway and Hughes Road.

### Resolution No. 19 - 56

Approving a Minimum-Use Access to Kirk Road

**Committee Flow:** Transportation Committee, Executive Committee, County Board

**Contact:** Tom Rickert, (630) 406-7305

### Budget Information:

Was this item budgeted? N/A	Appropriation Amount: N/A
If not budgeted, explain funding source: N/A	

### Summary:

Later this year, KDOT will begin milling and resurfacing Kirk Road from Butterfield Road (IL Route 56) to Wilson Street. In the course of the design work for this project, we found that an existing access will need to be reconstructed as part of the KDOT work. The access is located 350 feet north of Giese Road and serves a cell phone tower site on the U.S. Department of Energy (Fermilab) property. Unfortunately, we can find no record of a past access approval at this location, which dates back to the late 1990s.

Since Kirk Road is a limited access freeway, it would be appropriate to formalize this access approval with the County Board before issuing an access permit and reconstructing the access as part of the 2019 Resurfacing contract.

Included is a resolution authorizing KDOT to issue a Minimum-Use Access Permit to the U.S. Department of Energy (Fermilab).

STATE OF ILLINOIS

COUNTY OF KANE

RESOLUTION NO. 19 - 56

**APPROVING A MINIMUM-USE ACCESS TO KIRK ROAD**

WHEREAS, the County of Kane (County) plans to begin the resurfacing of Kane County Highway No. 77, also known as Kirk Road, (hereinafter the "Project") which consists of the milling and resurfacing of Kirk Road from Butterfield Road (IL Route 56) to Wilson Street; and

WHEREAS, the Project includes a minimum-use access to a U.S. Department of Energy (Fermilab) cell tower that needs to be approved by the Kane County Board since Kirk Road is a designated limited access freeway in accordance with the Illinois Compiled Statutes; and

WHEREAS, to facilitate the Project, an existing minimum-use access will be permitted by the County to Fermilab on Kirk Road 350 feet north of Giese Road and reconstructed with the right of way.

NOW, THEREFORE, BE IT RESOLVED by the Kane County Board that a Minimum-Use access on the Kirk Road approximately 350 feet north of Giese Road be granted to Fermilab for access to a cell phone tower, including their agents and contractors subject to any and all County policies and permitting requirements.
