- **10/10** electronics, clothes, books, & paint
- **11/14** electronics, clothes, books

### **Document Shredding**

Because of the safety protocol that must be followed to conduct our public events during the pandemic, the logistics of conducting the large scale shredding events are prohibitive. Therefore we will not be doing shredding until 2021, with a tentative shredding event scheduled for 4/24/21. In the meantime, check with your bank to see if they offer shredding services for their clients, or google document shredding or document destruction to find companies that will do it for a fee. See [here](#) for more info on alternatives.

### **Household Hazardous Waste**

- The [Naperville Household Hazardous Waste facility](#) is open and residents can drop-off hazardous materials on weekends during open hours - Saturdays & Sundays from 9am to 2pm.
- The [Home Collection Program](#) is currently operational and eligible residents can schedule collection appointments. US Ecology is following this COVID-19 [safety protocol](#).

### **Pharmaceuticals & Medication Drop-offs**

- [Pharmaceutical/Medication drop-offs](#) may still be closed to the public. Please call them to check.
